

My aim for the end of this course...

I aim to achieve an A grade by the end of Media Studies A2 level, my blog will be up to date and have a consistent feed of detailed research and planning to support my progress and outcomes I'll complete throughout the course. I aim to communicate efficiently and manage my time effectively as this is key to keeping on track. I will be happy to explore different ways of uploading posts through different digital technologies and presentations. With my planning, I will be specific to ensure my shoot goes as smoothly as possible; this will include organising actors, locations, costumes, props in advance, this'll allow me to take into consideration anything that could go wrong and come up with a backup plan, e.g if its raining on the day I do my shoot. I intend to communicate excellently through my blog with my progress and thoughts, by commenting on my peers blog, taking improvements into consideration and sharing ideas. I'll need 16+ marks to achieve an A grade.

This is what is expected of me:

- AO1:** knowledge and understanding of media concepts, contexts and critical debates
- AO2:** knowledge and understanding when analysing media product and processes and practical work, to show how meanings and responses are created
- AO3:** ability to plan and construct media products using technical and creative skills
- AO4:** ability to undertake, apply and present appropriate research.

I'll refer back to these websites during stages in my course to ensure I'm on track and to help me:
