

Representative Brandon Williams
440 South Warren Street
Suite 706
Syracuse, NY 13202

Dear Congressman Brandon Williams,

We are residents of New York's 22nd Congressional District asking you to hold free, open, public, in-person town halls with the intent to listen to constituents during your upcoming in-district work period starting March 31st. This area has experience with members of Congress who did and did not hold halls. Congressmembers Katko and Tenney did not hold in-person town halls while Congressman Brindisi held one in each county every year while in office. We believe everyone regardless of their zip code or party affiliation deserves to have the opportunity to speak to you about their concerns so you will vote in the people's best interests.

We come from diverse backgrounds, geographies, ages, genders and perspectives on issues. We see trains derailing, attacks on trans-children, our planet getting warmer, shortages of labor for local farms, and proposed cuts to Social Security, Medicare, and Medicaid, and want to share our concerns, solutions, and ideas with you in a public town hall event.

Every in-district work period is an opportunity to hear directly from constituents through town halls, and your track record so far is disappointing. Your colleague Congressman Molinaro has already held 10 town halls, and you haven't scheduled even one.

We are formally requesting that you schedule a series of town halls this spring in each of the counties you represent: Oneida, Onondaga, Madison, and Oswego. Considering the timely matter of our concerns, we ask that at least one of these town halls occur during the upcoming district work period beginning March 31st.

Signed,
