

## Expand & Amplify Your Applicant Recruitment: A Toolkit for NM Educator Prep Programs

TEACH New Mexico is an initiative of the New Mexico Public Education Department (NMPED) that is charged with strengthening our state's teacher pipeline and providing free recruitment support to EPP and LEA partners across the state.

TEACH New Mexico ([newmexico.teach.org](http://newmexico.teach.org)) is a digital recruitment platform that serves as **a one-stop-shop** for anyone exploring the teaching profession. Our team is composed of web developers, marketing experts, content creators, and former educators who are all passionate supporters of public education and committed to using their skills to elevate the perception of the teaching profession and support prospective teachers in confidently navigating their path to licensure!

While our website's resources are mostly geared toward supporting and guiding prospective educators, TEACH New Mexico also works directly with EPPs and LEAs to **amplify** the work they are already doing and **expand capacity** so that more future educators can find their way into the classroom!

This toolkit is meant to provide you with ready-to-use resources your EPP can use to support your teacher recruitment initiatives as well as offer ideas on how to fully leverage the free recruitment support available to you.

- **Free 1-on-1 and group coaching** to aspiring educators to help them in selecting an EPP that meets their needs. To do that, we use our [program finder](#)– which allows potential future teachers to quickly sift through EPPs to find programs that meet their unique needs.

# Turnkey Recruitment Tools for EPPs

This toolkit includes **ready-to-use messaging, graphics, and outreach resources** designed specifically for **NM EPPs**. These materials are designed to be easily added to the outreach and recruitment efforts you are already doing. We encourage you to simply copy + paste into your website, social media, employee emails, family newsletters, and any other outreach you conduct.

The goal of our resources is to draw more applicants to your program **and** *-for those already considering your institution-* motivate them to take the leap from “I’m considering applying...” to “I’ve submitted my application!”

 **IT note:** The sign-up links we provide are trackable. This allows us to report back to you on how many future teachers signed up through your outreach efforts. For this reason, **we kindly ask that you do not change or shorten the links when sharing.**
