THANKS!

For those interested in commissioning artwork from me, here is my price sheet! Note that all prices offered, with the exception of the icon, are for a single full body character with a simple background (simple is defined as a single color, texture, or simple shape. Or transparent, if you'd rather). Complicated backgrounds and/or props are extra, to be judged on a case-by-case basis.

To save some questions, I've broken each of the latter three categories down, in the instance that someone might be interested in partial figures. Icons will always be a bust/headshot, simply shaded (think of it as a medium stage between flat and full color), with a simple background.

Icons [Example] [Example]

Always $20 (unless otherwise noted)

Sketches [Example] [Example]

Head/Bust: $7
Waist-up: $13
Full-body: $20

Flat [Example] [Example]

Head/Bust: $14
Waist-up: $26
Full-body: $40

Full Color [Example] [Example]

Head/Bust: $26
Waist-up: $49
Full-body: $75

Generally, I will only take up to three commissions at a time; all else to contact me with interest while my commission status is listed as open will be added to a wait list if wanted. You can find both the paid queue and the wait list located on the same public document here.

Please email me at heatherdraws@gmail.com if you are interested! I will get back to you ASAP about your place in the queue and prompt you to fill out my order form. Be sure to read my ToS!
