*In our fast-paced society it seems that the ability to be still and listen intently is diminishing. At Oxford Middle School we still believe that live music deserves to be presented in complete silence. In order for the musicians to share their hard work and all audience members to be free to enjoy it, we ask that you refrain from talking/whispering during performances, remain seated (including small children), and please avoid checking your mobile phone (the light from which is distracting to other audience members).*

*In short, be as attentive to all performers as you are for the person you came to hear. We thank you in advance for helping us to provide an authentic concert environment for everyone this evening.*

Oxford Middle School  
Spring Concert
