| Duration | |

BACKGROUND

Program of Reducing physical and mental morbidity and mortality in the most vulnerable Palestinian communities affected by the conflict related violence in Hebron Governorate while preserving human dignity is looking for a psychologist or psychiatrist experienced in support staff responsible for providing care. The attention covered is intended to manage the distress produced by work related situations.

PURPOSE OF THE CONSULTANCY

Provide individual consultations, Group sessions, and workshops, to the staff, those shall be initiated/conducted thereof, upon the request and approval of the person in charge of the Technical Support of the project (TS).

Referrals for individual consultation to other psychotherapist could be possible, under the coordination of the Mental Health Consultant and previous authorization of the TS.

Individual consultations shall be conducted either in the Consultant's office, in the project offices in Hebron face-to-face; by Skype or by phone; upon the request and approval of the TS.

The project shall provide a basic stationary for conducting group sessions and workshop about subjects as self-care, prevention of compassion fatigue and secondary traumatization for all medical staff from Hebron project.

In case of critical incident, or a severe security incident, besides the TS the Psychosocial Support Unit (PSU) in HQ should be alerted following the critical Incident Protocol in first hand and accordingly to the needs a collaboration of the Mental Health Consultant in Hebron/ West Bank / Jerusalem might be requested.
