

Name _____

June 8 , 2026

LESSON PLAN
Homework for Week # 41

Date	Math	Reading
Mon, Jun 8	The attached worksheet “ Missing Number”	
Tue, Jun 9		Read and answer the questions “Butterflies”

Tests for Week # 41

Date	Reading	Social Studies	Math	Spelling
Mon, Jun 1				
Tue, Jun 2			Addition and Subtraction up to 20	
Wed, Jun 3	Test			
Thu, Jun 4				
Fri, Jun 5		Canada presentation for Mariem E, Nour, Rayan, and Ridwan.		Caterpillars eat leaves. Later, they grow wings and fly away!

Notes:

1- No journal homework this week.

2- Sample Math Test: Addition and Subtraction Within 20

1. Solve:

- $8 + 4 = \underline{\quad}$
- $18 - 3 = \underline{\quad}$

2. Find the missing number:

- $7 + \underline{\quad} = 15$
- $16 - \underline{\quad} = 9$
- $\underline{\quad} + 8 = 17$
- $\underline{\quad} - 5 = 8$

3. Word Problems:

- 1 addition word problem
- 1 subtraction word problem

Students should be able to show their work and write complete answers for the word problems.

3- Students will move to a more advanced level of spelling during the last two weeks of school by writing sentences from the assigned reading texts. Please practice them carefully.

Social Studies: Result: / 10

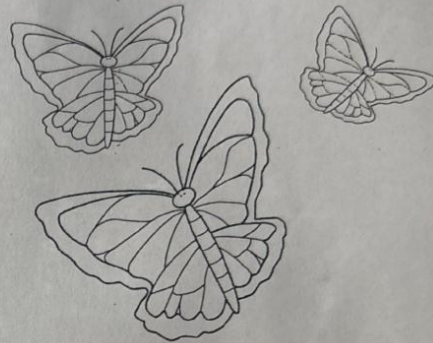

Name _____

Reading Nonfiction

Read the story. Answer the questions.

Butterflies

Many people like butterflies because they are colorful. Some butterflies may have spots on their wings. They land on flowers and drink from them. Butterflies start out as caterpillars. Caterpillars eat leaves. Later, they grow wings and fly away!

1. Why do many people like butterflies?

2. What do some butterflies have on their wings?

3. Where do butterflies land?

4. How do butterflies start out?

5. What do caterpillars eat?

6. Draw your own butterfly.

Name _____

Missing Number

1) $15 - \square = 4$

2) $16 = \square + 7$

3) $12 = 5 + \square$

4) $13 - \square = 12$

5) $\square + 5 = 5$

6) $10 = 6 + \square$

7) $19 - \square = 9$

8) $3 - \square = 1$

9) $20 = 17 - \square$

10) $8 + \square = 13$

- 11) Sam had 18 brownies. He gave some away. Now he has 9 brownies. How many brownies did Sam give away?

- 12) Jan had some candy. Her mom gave her 3 more pieces of candy. Now she has 9 pieces of candy. How many pieces of candy did Jan have to begin with? _____

- 13) There were 10 bunnies in a cage. Some hopped away. Now there are 2 bunnies left in the cage. How many bunnies hopped away? _____
