Suggested Packing List

We recommend packing light, even though there's plenty of room aboard *Sir Reel!*

Our boat is warm and dry, but Alaska is rainy. We do not currently provide rain gear.

The following is our minimum recommendation for an optimal adventure:

- ___ Non-cotton base layers
- ___ Wool (or hybrid wool) socks
- ___ Warm layers
- ___ Outer layers
- ___ Rain pants
- ___ Rain jacket
- ___ Gloves
- ___ Beanie and/or baseball cap
- ___ Sunglasses and sunscreen
- ___ Comfy, warm, cozy clothes for evening lounging and/or sleeping
- ___ Sturdy, close-toed, water-resistant/waterproof hiking boots and/or rubber boots
- ___ Indoor boat shoes (tennis shoes, Crocs, house slippers, Chacos)
- ___ Any prescriptions and/or supplements you need during your trip, plus a few extra days. (Weather conditions can be unpredictable and may impact travel plans.)
