

Travel Information (for Indian Nationals)

Travel Information:

The closest airport is the **Pune International Airport (PNQ)**, which is well-connected to major cities in India and a few international destinations (e.g., Dubai). Another option is to fly into **Chhatrapati Shivaji Maharaj International Airport (BOM)** at Mumbai (about 150 km from Pune) and you will have many more flight options. One can then take a cab to reach Pune (the journey time is approximately 3 hours). We suggest using an App-based taxi service such as Uber or Ola or alternatively, the shared or charter cab services of [KK Travels](#), [Savarri](#), or [KP Travels](#). You can find some helpful travel information about reaching the host institutions from Pune or Mumbai airports as well as train and bus travel on the web pages of [IISER Pune](#) and [SPPU Pune](#).

Weather:

The weather in Pune should be pleasant in the month of January. Temperatures usually range between 15°C (~60°F) to 27°C (~80°F).

More on Travel and Tourism:

For more information, see the [Wikitravel](#) or the [Wikivoyage](#) page on Pune.
