

CU-07 Executive Internship Program - Policy (page 1 of 1)

This policy is not currently active due to suspension of the program in Jeffco.

Although the Executive Internship Program does not fall within the liberal arts philosophy, it is supported because it allows for career exploration during the senior year after the majority of the liberal arts foundation has been laid.

Credit earned for Executive Internship will be granted as elective credit. Like other electives, the purpose of an Executive Internship is “to strengthen and broaden the already content-rich course of study” (FD 11).

Adopted: March 22, 1999

Amended: April 22, 2019, December 15, 2025
