CSC Roundtable Sessions:

Lead Agency represented: Bon Secour, Eleve8, YMCA, SWOCS/UM, Child First Authority, Strong City Baltimore, The Movement team, Southeast CDC, Park Heights Renaissance, Boys & Girls Club

Attendees: CSC's (SW & BCPSS district), Principals, Social workers.

Over the past year, we have coordinated a reasonably diverse offering of roundtable sessions. However, in my conversations, observations, and findings, I have also learned that what many of our families are requesting in addition to the services (mental health, vaccinations, OST offerings, etc.) that these organizations offer are some very basic "day-to-day" needs – from food & clothing, student uniforms, to hygiene supplies and cash - be it for transportation purposes or similar. This said, over the past few months, I have put much focus on trying to secure such resources and would be happy to discuss with the committee any resources available to us!

Over the course of 2021-22, Coordinators who have attended across the southwest as well as overall school district have expressed how helpful the conversations, information and resources really assisted them in providing services that their youth, family and communities need! Below please find a listing of the sessions facilitated and upcoming sessions:

- | | |
|--|--------------------------------------|
| - NAMI (National Alliance on Mental Illness) Baltimore | -Black Mental Health Alliance (BMHA) |
| - MESE Training/Consulting-Trauma informed care | -LifeBridge Health |
