

SUBSTITUTE TEACHERS

Salary Guides and Certification

The substitute teacher who is substituting for a permanent teacher will be paid at the current daily rate as approved by the Board.

Substitutes who work a half-day or less will be paid one-half the daily rate. They will be paid the full daily rate when they work more than one-half of the regular school day.

Over Twenty-five (25) Consecutive Working Days in Same Assignment

A substitute teacher employed over twenty-five (25) consecutive working days in the same assignment shall receive the regular substitute teacher rate for the first twenty-five (25) working days and on the twenty-sixth (26th) working day shall be placed on a daily rate equal to eighty percent (80%) of the teacher base (B.A., Step 1) divided by **186**.

After the completing of 25 consecutive days, the principal may recommend to the superintendent that the change in the daily rate of pay to B-1/per day be made retroactive to a previously served date. The recommendation shall be made based upon the observation(s) of the substitute and other factors that the principal deems important and worthy of the additional compensation.
