Re: Annual Standards Adoption & Notice

Please see the attached list of academic standards integrated into the approved curriculum in the Pewaukee School District. These are presented for annual approval as required under section 118.30(1g)(a) of the Wisconsin state statutes.

Standards are selected through the Curriculum Evaluation and Renewal Process and are included in the recommendations presented to the Board when new curriculum is adopted. The attached notice will be posted on the district website subsequent to Board approval.

Notice: Academic Standards / Approved by PSD Board of Education on August 18, 2025

The Pewaukee School District (PSD) uses a variety of reputable learning standards as the foundation for the development of rigorous curricula designed to ensure students are well prepared with the skills necessary to be successful as they pursue a career, technical training/education, and/or a post-secondary degree. All standards selected are systematically evaluated and subsequently integrated as a component of the ***Pewaukee School District Curriculum Evaluation and Renewal Process***. The Board of Education acts to formally approve the curriculum of which the standards are a component. Student achievement in relation to specific subjects and standards is continually monitored using the Pewaukee School District Balanced Assessment System.

The following sets of standards have been approved through the curriculum process for the 2025-26 school year:
