Stap 1

Lees vining deur die teks. (Read through the passage quickly to get an overview.)
Vra jouself oor die stemming (setting), tydperk (timeframe), karakters (characters), die skrywer se bedoeling (writer's intention), die taalgebruik (language devices) en styl (style) in die teks.

Stap 2

Lees dan deur die vrae met die teks in gedagte. (Read through the questions with the text in mind).
Identifiseer die vraag woord in elke vraag. (Identify the question words).

Stap 3

Lees weer die teks, nou aandagtig, met die vrae in gedagte. (read the text attentively with the questions in mind.)

Take note:

You will not be tested exclusively on written texts.

You may encounter weather charts, tv airing times in a magazine articles, content tables etcetera.

Do not be scared!! These are always logical and generally very easy marks.
