

Will be doing and will have done

(a) Сначала изучите ситуацию:

Анна звонит своей подруге. Она хочет пригласить ее в кино:

- Mary, what about going to the cinema at 12 o'clock?
- I'm sorry, but I can't. I promised mom to help her in the garden. I'll be planting flowers this time tomorrow.
- Then what about going to the cinema at six?
- Well, at 6 o'clock I'll be cleaning my room, but I'll have cleaned it in half an hour, so we can go to the cinema at 7 o'clock.

'll be planting, 'll be cleaning - формы Future Continuous Tense

Эти формы **Future Continuous(will be doing)**, похожие на **Past(was doing)** и **Present Continuous (am/is/are doing)**, мы используем, чтобы сказать, что действие будет совершено в определенное время в будущем. В следующих примерах сравните **will be doing** с другими формами **continuous**:

- My friend has her English lessons every day at 5 o'clock.
- Yesterday at 5 o'clock she was having her English lesson. (см. Unit 12)
- It is 5 o'clock now she is having her English lesson. (см. Unit 1)
- At 5 o'clock tomorrow she will be having her English lesson.

(b) В первом примере **'ll have cleaned** является глаголом **Future Perfect Tense**. Мы используем это время (**will have done**), чтобы сказать, что что-то уже произошло перед определенным моментом будущего.

Вот несколько других примеров:

- He says that before he leaves (this is a certain moment in the future), he'll have seen every show in the town.
- By this time next month, all the roses will have died.
- When you are my age you'll have learnt much about the weakness of man.

3 Вы можете также использовать **Future Continuous Tense (will be doing)** в других случаях: чтобы сказать о действиях, которые уже запланированы или решены:

- Here is John's schedule for the next Saturday:
 - in the morning he will be working in the garden.
 - in the afternoon, when it is very hot he will be repairing his car in the garage.
- And what is he doing in the evening? He is taking Mary to the cinema.
