B	I	N	G	O
[Answers an argument by saying you must have faith]	[Accuses someone else of a logical fallacy]	"I was once a sinner."	[Tells crowd to be quiet]	[Bashes Darwin]
"If you can't explain it, it must be god."	"We all deserve hell."	"Without god there is no good."	[Tells a long, pointless story about his wife]	"Just a theory."
"God gives you free will, which is why there is evil."	"Everyone else is going to hell."	[Yelling]	"You cannot prove there's no god."	"You should believe in god."
"You cannot have morals without god."	"God wants you to worship him."	[Uses a logical fallacy]	"There is no such thing as chance."	[Bad science]
"Original sin."	[Quotes the bible as a valid source]	"The bible has to be interpreted."	"My god is the right god."	"There is no evidence for evolution."
