

Famous Person PowerPoint

We are going to create a PowerPoint that will work as a game. We will each pick a famous person (Actor, Athlete, Historical Figure, Etc.) and come up with 10 facts about them. Then, we will create a PowerPoint that lists these facts from the most basic fact, to the most revealing fact. People viewing your presentation will have the opportunity to guess your person with each fact. Finally, after all the facts are given, the person (and their picture) will be revealed for those who could not guess correctly.

Please use the following guidelines for this presentation:

- 4 Slides
 - - Introduction Slide (Your Title, Name, Period)
 - - 2 Fact Slides (5 facts per slide, ordered from broad to specific)
 - - Concluding Slide w/ the name and a picture of your famous person
- Animations for every fact

Remember, this is a game where people guess who your person is, so DO NOT include the person's name or picture until the final slide.

Save this presentation as "MyFamousPerson.pptx"
