

**Name:** Close Encounters 2

**Game idea by:** DarkNecros16

**Plot:** A male astronaut receives a help request transmission, so he decides to arrive at a hostile planet just to find a super sexy busty astronaut that needs to be rescued. But she'll be too much for him to handle.

**Characters:**

**Anastasia Asteroids:** The same girl from the first *Close Encounters* game, (I don't know if she has a name, I'd just simply call her Busty sexy astronaut, actually she's going to be naked all the time so do not take in count her uniform, also I suggest this to be the perfect excuse to change some things from her design that are very simple, like her hairstyle)

**Male astronaut:** Just a normal guy with an astronaut suit, his name and appearance can be whichever.

**Alien:** The same alien that kidnapped the female busty sexy astronaut (Don't worry, he's going to be chased away, so he's not going to take part in the sex scenes)

\*The game starts with the male astronaut receiving a help request transmission from a female voice, then locates it in a nearby planet\*

**Spaceship radio:** Mayday! Mayday! ANYBODY!!! My Spaceship has crashed! Somebody HELP ME!!!!

**Male astronaut:** Holy shit! That came from Cancri E, that planet is just around the corner, I must go now!

***“After a few minutes of space traveling...”***

**Male astronaut:** The transmission comes from this wrecked Spaceship...  
Anybody here?!?!?

\*Suddenly a purple three eyed alien jumps from behind a rock and tries  
to attack the male astronaut\*

**Male astronaut:** Holy fuck!!! What the hell is that thing?!?! GET AWAY!!!!!!

\*The male astronaut then takes out a laser gun and starts shooting the  
alien before he attacks him, then the alien runs away from the cave  
where he was hiding. Now the male astronaut approaches to the cave  
and hears screams coming from inside\*

**Male astronaut:** Hello? Anybody here? You were the one who sent the  
help request transmission?

\*Now we can see a close-up of a super busty and sexy girl tied up (like  
she was in the first game with the purple ropes) with a distressed face  
and maybe a little of dirt in her body\*

She's in the cave like this: <https://e-hentai.org/s/ec16858d80/671236-6>

**Busty sexy astronaut:** Oh, thank God someone came here! That purple  
son of a bitch kidnapped me a week ago and he's been fucking me  
every day since then. Please help me get out of here, I'm hungry and  
thirsty.

**Male astronaut:** Sure ma'am, but you were the astronaut who send that  
help request? To be honest you don't look like an astronaut at all...

**Busty sexy astronaut:** Of course I am! Even if I wasn't an astronaut, why is that important? I NEED HELP!!! So now stop saying senseless shit and help me now!

**Male astronaut:** Woah calm down lady, I don't care about saving a damsel in trouble, but I came here to help a fellow comrade and I have to make sure that she is fine and she's the one who I came to save. Also, carrying up a stranger in my Spaceship could be dangerous for me.

**Busty sexy astronaut:** I'm not a space pirate! Do you really think that I would allow a gross monster to fuck me for an entire week just to steal a Spaceship?!?!

**Male astronaut:** Well, you never know...

**Busty sexy astronaut:** Well then there is something I can do to stop being a stranger to you handsome?

**Male astronaut:** Well if you don't have an official Space Cadet ID maybe there is something you could do to win my confidence.

1<sup>st</sup> Sex Scene: Male astronaut starts playing with the boobs of the girl (like in that *Super Princess Bitch* game, rubbing them, pulling her nipples, etc...) and maybe with her clit too.
