

BSA Troop 392

Community Service Hours

Every member of Boy Scout Troop 392 is encouraged to earn community service hours for work completed outside of regular Troop activities which positively impacts his community.

- He may not receive any monetary reimbursement for his time and efforts.
- His service should benefit a non-profit organization.

If the Scout's Community Service hours meet these requirements, please complete this form. The scout should return this to the Scoutmaster or Advancement Chairperson to receive proper credit of community service hours. If multiple scouts worked at the same organization, each scout must complete a separate form.

This is to confirm that _____
