

YCH Special Event 2022 (Repeatable Ongoing Event)

For: Raising money to help out my good friend OpheliaTheAngel out with paying for her rather important medication for her severe Pancreatitis. All money will be donated to her by April 15th 2022 to cover these costs to ensure she is able to have her medication due to the fact that between her being in the hospital frequently and the doctor visits, wipe her clean, which sometimes leaves her asking for help from her followers and the general public on Twitter. With the medication being the one thing that helps with managing her condition, this goal is extremely important to me so please consider buying one of my YCHs below!

For those who don't wish to buy a YCH, if you are still interested in helping, her PayPal.me link is <https://www.paypal.com/paypalme/skylerisabelle> .

Please consider retweeting/ reblogging as well if possible as something simple like that is a big help in spreading awareness and ensuring she gets the help she needs. Thank you for reading!

NOTE: More YCHs may be added.
