Sharing Your Hopes and Experiences

To learn more about CommunityShare's work, and so that we can ensure this opportunity matches your interests and hopes, please review our [Community-Engaged Learning Framework](#) and answer the following six questions.

1. Which of the three elements of the CEL Framework is an area of strength or experience for you?
2. What knowledge, strategies/tools, or wisdom might you be able to contribute to your cohort in this area?
3. Which of the three elements of the CEL Framework are you most eager to explore and grow within?
4. Explain why you would like to grow in this area.
5. Please explain your current instructional design process. (For example, do you utilize a published curriculum, do you design and implement PBL units, do co-plan with students, etc...)
6. Browse through the [CommunityShare Impact Stories](#) and select one that stands out to or excites you. What about this project stands out? How does this project connect with the kind of community-engaged learning you'd like to design and implement with your students and community?
7. What do you ultimately want to get out of this fellowship experience?

Personalizing Your Learning Journey

1. Think about a time when you engaged in a significant learning experience. (Could be any learning experience - in school or seeing a musical, playing a sport, having a meaningful conversation, etc...) What made that learning experience impactful for you?
2. Is there anything else you would like to share with us?
