Commas w/ Fanboys & Compound Sentences #1

**Directions:**

Under the topic choice, write one complete sentence using the rule: IC, fanboys IC. Be sure to use a comma before a coordinating conjunction (fanboys) because an independent clause is found on both sides of the conjunction. Everything else in the sentence will count--like capitalization, grammar/wording/usage, spelling, etc. For this writing sample, use **at least 15 words per sentence**. If handwriting it, use blue/black ink.

**If typing this**, (1) make it fit one page by changing the font size of the topic choices from 22 to 12. (2) Do not double-space. (3) Print it. (5 points per sentence - remember EVERYTHING counts)
