

San Antonio Math Include

Provide Greater Access to STEM Education to All Students

Branimir G.

Tutor
San Antonio Math Include

Branimir is part of the Class of 2025 at the University of Pennsylvania. He chose to join SAMI because of its unique ideas, and its goal to improve our community. He joined because math has been really important to him throughout my life. He enjoys it, and treasures every moment he has with it, and wants to bring that opportunity and pleasure to the rest of the children at Basis and throughout San Antonio. He enjoys working with SaMi because of the unique opportunities with tutoring younger kids, and teaching skills that it provides. He enjoys being the role model to younger kids through their school education, and their strive to succeed in their studies. He believes SaMi has helped him develop his teaching and explaining skills, useful not only in the club but through his school, and in helping his brothers.
