RE-MINIONED DETAILS

Hosted by @Awesomemay_

Official twitter for updates: [Despicable Me Re-Minioned](#)
([@DEREMINIONED](#)) / X

Thanks for your interest in this project :) This is a full recreation project of Illumination's classic film "Despicable Me". Despicable me is a film that instantly came to my mind when thinking of doing something similar to "shrek retold" as its meme-ability offers just as much creativity and chaoticness. And although the recent catalog from illumination might not be as favorable, I want to pay my respects for how much they knocked it out of the park with this movie.

All mediums are allowed whether that be stop motion, live action, 2d/3d animation, ect.
Each scene will be around 10-20 seconds with a due date around a year -1 month from when this project starts aka **JUNE 13TH 2025** (although the due date will most likely be changed depending on how fast or how long the project ends up taking!)

EDIT: THE DUE DATE HAS BEEN CHANGED TO DECEMBER 2025. :)

Due to the copyright of Despicable Me, all participants will have to recreate their audio from scratch from voice acting to sound effects. Feel free to get help for this from friends, other creators or family. You don't have to do it by yourself! But be sure and credit anyone involved when submitting your finished scene!

music and soundtrack will be handled by me and musicians I have chosen. If you chose a scene with ONLY music just use the original audio of your scene. We will dub over that for YOU.

If you are a musician and can recreate music. Feel free to let me know through social media DMs or email me @ masoncansingnow@gmail.com That would help a lot as my musical talent is small.

FINISHED FILM will premiere on my youtube channel "Awesomemay" with full watermarked credit to all participants. No money is being made off of the project. Monetization will be turned off. This is solely a fan project dedicated to our love for the movie and maybe creating something that impacts the indie youtube animation sphere!

DISCLAIMER: Don't be discouraged if you don't get accepted or responded to! It has nothing to do with your skill set or quality of work. I will be picking people mostly determined on what pops out to me. That being said don't lose hope because I will be constantly looking over the submissions to pick new people I missed 😊

[LOOK UNDER RULES FOR SUBMISSION FORM.](#)

RULES

- If you are here a little late, make sure the scene you're asking for isn't **Taken. (look in the scenes available under this)** If it is, I may ignore the submission or suggest a different scene.

- Your recreation must be horizontal and I highly recommend your clip be 1920x1080 OR 1080x720 and exported as HD to keep continuity in resolution throughout. This is only a suggestion, feel free to do what you're comfortable with.

- No swearing, Hate speech or Heavy Gore. Your scene can only be edgy in terms of aesthetic and visuals. Lots of audiences will watch this including and probably mostly children. (especially for a film like this). But still have as much fun as you want outside of those rules. Weird and bizarre visuals are more than welcome!!

- You can not submit anything that is AI or heavily traced. Referencing, Internet pngs and tracing on purpose (for comedic effect) is allowed and even suggested but the best part of projects like these are to get a different take on the visual and world of the movie. We want to see HOW A bunch of different minds would make something.

- Parts **MUST** follow the story of the script and plot of the movie. I want the story to play out almost identical to the movie. Keep the theme and script of your scene pretty similar (if it's a sad scene, try and keep it sad!)
That being said, character placements and ways of doing movement and action is up to you. Watch the scene before and after your scene in the google drive to keep in mind transitions and continuity of the story. Watch the full movie if you haven't as well so you know what's happening and get inspiration!

- **TIP:** don't choose the scene you want to work on without thinking first! You have a lot of time so try and pick a scene that you think/you know you have the skills for! If you like doing background stuff choose an atmosphere scene, if you like characters choose a scene with gru/vector/the gorgs/etc! Pick the scene you truly think you can have fun and be happy with. We don't want participants that treat this like a chore. If you think you cannot keep the promise of finishing it then don't join! That is totally valid and up to you and your feelings :)
- **THERE IS NO AGE LIMIT THE PROJECT. (PEOPLE KEEP ASKING THIS!)** However, I will most likely only be choosing people 13+ to conform to Discord TOS. Which the project heavily relies on.
- You can share your finished part to whatever social media you like! But submit to masoncansingnow@gmail.com when you're done as well!
We will have an optional discord as well to share your progress with other participants :)
- I will most likely not accept anyone with flipaclip example submissions that have the watermark as it's distracting and hard to remove without destroying quality. Very sorry!

AUDIO RULES

- For starters there aren't any permanent voice actors for this project. That was the original idea but it was deemed to be a whole other thing to think about and keep track of so I've decided to go the route of each person with a part must focus on dubbing their own part. This way it'll also be unexpected and fun to see all the different voice acting takes. If you're a voice actor only interested in voice acting however you're a bit out of luck. But maybe find someone to team up with and help with visuals!
- When dubbing your part's audio, **PLEASE** stay on script and try your best to keep the timing as close to the original clip you're recreating. If your scene is 10 seconds, try and recreate it exactly 10 seconds. I want the end result to be pretty close in length to the original. However you can still deliver your lines as fast or slow as you realistically speak. Don't make it too obvious that you're reading a script.
- I **HIGHLY HIGHLY** suggest you try and do a voice impression of the characters you're dubbing. If you have a scene with Gru... try to actually sound like Gru! If that's too hard you're always welcome to find a voice actor or friend who can do a better impression.
- Don't add any music/ soundtrack music to your dub. (that will be added later)
Same goes with a constant background noise (such as night sounds). If you do add it, don't make it too obvious as it will make the cut to the next scene a little awkward.

Focus on dubbing over the sound effects and voices. If you need to have a better idea of the timing feel free to animate over the original audio. But when you finish and export make sure you take it out.

- **DO NOT USE** ANY COPYRIGHTED SOUNDS. SOUND EFFECTS CAN BE COPYRIGHTED TOO!! SO MAKE SURE ITS COPYRIGHT FREE IF UR FINDING SOUND EFFECTS ONLINE!!

Here is an example of scene dubbing with your own voice lines by wizzywill 😊 [vector lines test \(youtube.com\)](https://www.youtube.com/watch?v=vector_lines_test)

“HOW DO I JOIN???”

SUBMISSION DETAILS

Google drive of all scenes. Look at all the scenes and decide which one you would like to recreate. Look below all of this for a list of all scenes and the availability of them to see if the scene you're asking for is open. You can ask for multiple scenes that you are interested in to increase your chances of participating! OR if you want to string 2-3 scenes together that come after one another then go ahead and ask for them!

I will also put “TAKEN” to the title of each google drive clip after a person is chosen to make it easier.

Submission sheet.

After you look at google drive... You must submit examples and reply to the questions in this form to be considered. I probably won't look at actual stand alone emails until the form reaches the file limit.

If it doesn't allow you to share files in the examples area, EMAIL masoncansingnow@gmail.com instead with examples and the scene u want.

CHECK EMAIL TO SEE IF YOU GOT YOUR PART/PARTS! (I will try and respond in less than a week.)

Some of my emails might go to SPAM so check spam as well.

If you got an email back please respond saying your doing it so i know you are! If you ghost me I will end up giving it to someone else!

(ONCE YOUR ACCEPTED IN)

You need the script to know exactly what you're recreating and saying without any distraction.

Copy, Go to google, paste and download the following.... (this is an official exact script from what I can tell.)
