

Exploring Real World Student Skills 5 Day Educator Externship

June 12-15th & 26th, 2023

AGENDA

This Agenda Online at
tinyurl.com/5dayexternship

Learning Objectives

1. Determine what knowledge, skills, and characteristics students will need to be able to compete in a future workplace.
2. Understand the current and anticipated job market. Be able to identify job sectors in decline and those that will likely be in growth.
3. Identify the necessary education and training required for various jobs in the workplace.
4. Identify innovative career paths for students based on their aptitudes and interests.
