

2017-05-23 Dataverse Community Call

Agenda

- Dataverse Community Meeting Updates
- Community Questions

Attendees

- Phil Durbin (IQSS)
- Steve Kraffmiller (IQSS)
- Derek Murphy (IQSS)
- John O'Connor (Boston College)

Notes

- Dataverse Community Meeting June 14th-16th
 - <http://projects.iq.harvard.edu/dcm2017>
- Questions from the Community
- BC is implementing ORCID, encouraging all faculty to join. Knows about necessary Shibboleth attributes.
 - <https://help.hmdc.harvard.edu/Ticket/Display.html?id=238211> will remain closed for now but they may re-visit it Fall 2017.
- BC hosts with Harvard at <https://dataverse.harvard.edu/dataverse/bc>
- Welcome email doesn't mention Boston College, looks like it comes from Harvard. Reassure users that they're in the right spot.
 - BC does have a "research guide" and "BC Dataverse Quick Start Guide" linked from their dataverse description.
 - Could use widgets
 - Example site: <https://gking.harvard.edu/data>
 - Docs: <http://guides.dataverse.org/en/4.6.1/user/dataverse-management.html#widgets>
- Shibboleth: institution appears in drop down due to membership in Research & Scholarship (R&S) but login fails with "Problem with Identity Provider The SAML assertion for [attribute] was null." <https://github.com/IQSS/dataverse/issues/3749>
- John just tried the ORCID login and it works.
- John is coming to the community meeting.
-
