About IRWIN RollCall

IRWIN RollCall is a web application designed for statusing and staffing resources. The user may roster and status parent resources managed by the agencies within their dispatch area of influence. Resource updates completed within RollCall will be shared through Integrated Reporting of Wildland-Fire Information (IRWIN) integration services to all participating systems i.e., WildCAD and IROC. Duty Officers, resource managers, and dispatchers are the main users of RollCall. Access to this application is through the GeoPlatform ArcGIS Online Organization. Locally established dispatch areas in coordination with their local leadership, will determine who within their organization accesses the application.

Accessing IRWIN RollCall

To gain access to IRWIN RollCall, follow the directions below based on your current account situation:

- A. If you have a **Geoplatform ArcGIS Online** account (you sign in to <https://geoplatform.maps.arcgis.com> using either the **ArcGIS** option or **Enterprise** option):
 - E-mail Chuck Wamack (david_wamack@ios.doi.gov) with your username. You will then be added to the IRWIN RollCall group.

IRWIN RollCall User Guide

Prepared By:

IRWIN Implementation Team

Last Modification Date

4/29/2021

- To access the application, go to <https://irwin.doi.gov/rollcall/resources>
- Sign in using the same method you use when signing into <https://geoplatform.maps.arcgis.com> (either the **Enterprise** or **ArcGIS** option)

B. If you do not have Geoplatform ArcGIS Online account but you do have a **GeoPlatform.gov** account (an account that can sign into <https://www.geoplatform.gov/>) then you need to make your GeoPlatform.gov username discoverable by [GeoPlatform Portal](#) logging into **Geoplatform ArcGIS Online**:

- Go to and click Sign In. When prompted, click **Enterprise login**: [ArcGIS Online](#)

IRWIN RollCall User Guide

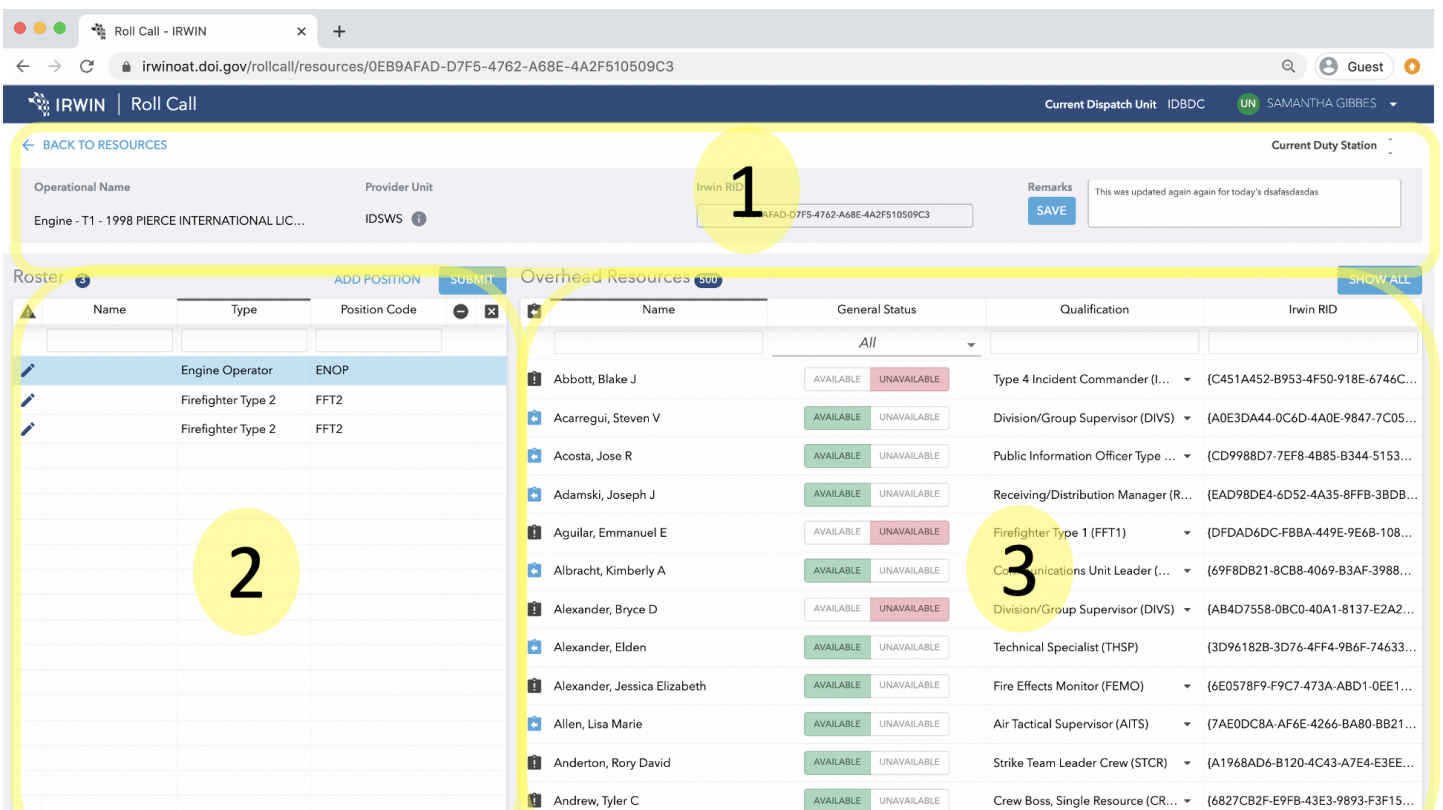

Prepared By:
 Last Modification Date

IRWIN Implementation Team
 4/29/2021

GeoPlatform - this will take you to <https://geoplatform.maps.arcgis.com/home/index.html>

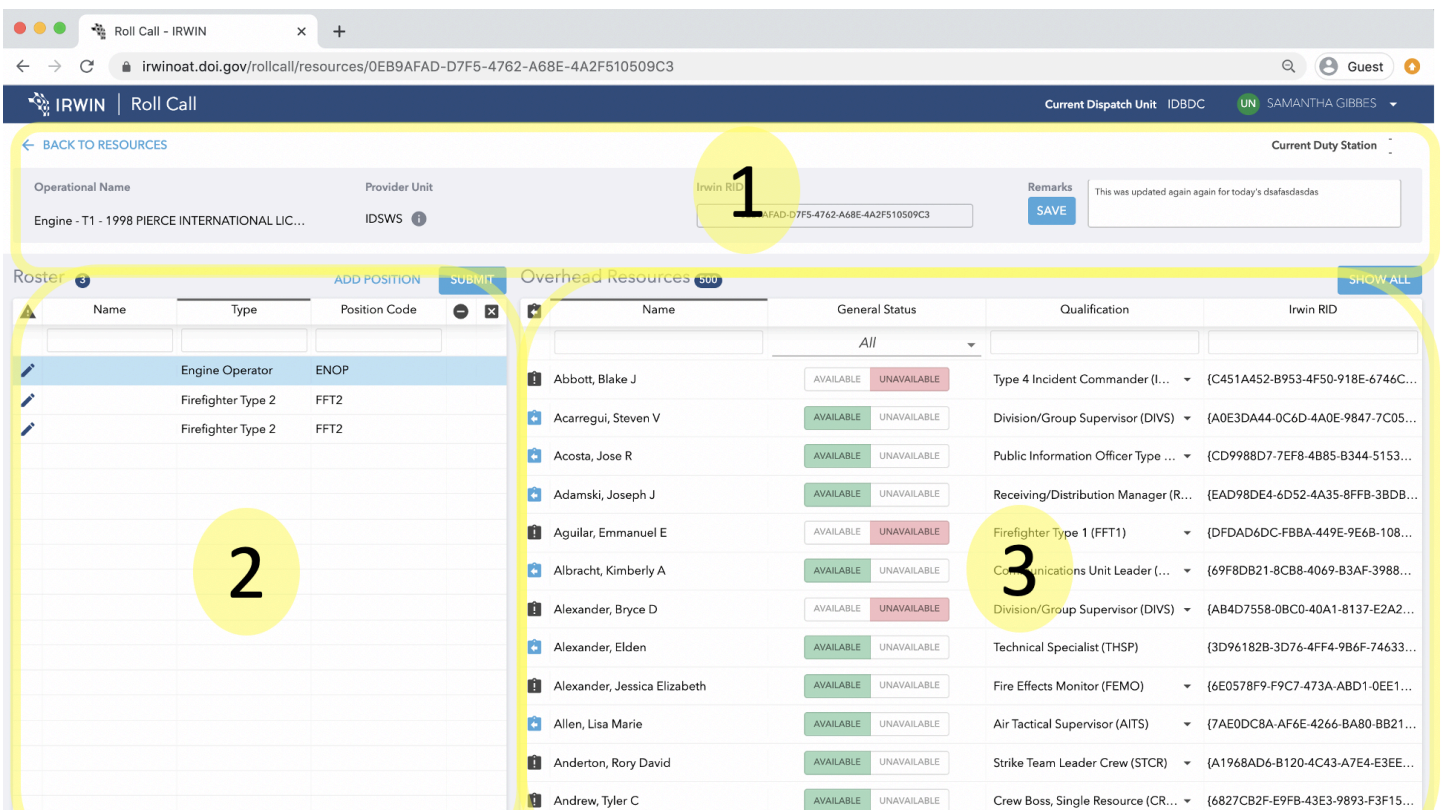

Changelog - this describes the application development history. The page lists all of the changes that have been made to RollCall since version v1.0.2 beta.

Feedback - Use this feature to provide feedback about Roll Call. This will launch your computer's default mailing system, and begin composing an email to Chuck Wamack and Kara Stringer.

Logout - logs you out of the application

Below those buttons shows the version number and the development environment (OAT).

Section 2 - Current Dispatch Unit

From the landing page, users may filter resources by the appropriate dispatch center. Selecting a dispatch unit will update the list of resources displayed. Whatever dispatch unit was selected last will load the next time the user accesses the application.

Section 3 - Current Duty Station

To further narrow down the list of parent resources, users may select a duty station. The current duty stations that are available in this drop down is specific to the selected Current Dispatch Unit.

Section 4 - Parent Resource

After selecting the current dispatch unit and current duty station, users can start to search for a parent resource. The types of parent resources can be found in [Appendix A](#).

To search for a resource by name, type in the search box under OperationalName. Results are matched based on any part of the search term. Typing “Engine” will show any resource containing that word.

Section 5 - General Status

The status of parent resources is displayed under General Status. This is specific to initial attack status. Users can also filter this field using the drop down next to General Status. The 3 different Statuses are:

Available - This resource is available to be rostered unless it is associated with a preposition. If that is the case, RollCall will not allow for this resource to be rostered. Refer to your dispatch center for more details on what this status means.

IRWIN RollCall User Guide

Prepared By:

IRWIN Implementation Team

Last Modification Date

4/29/2021

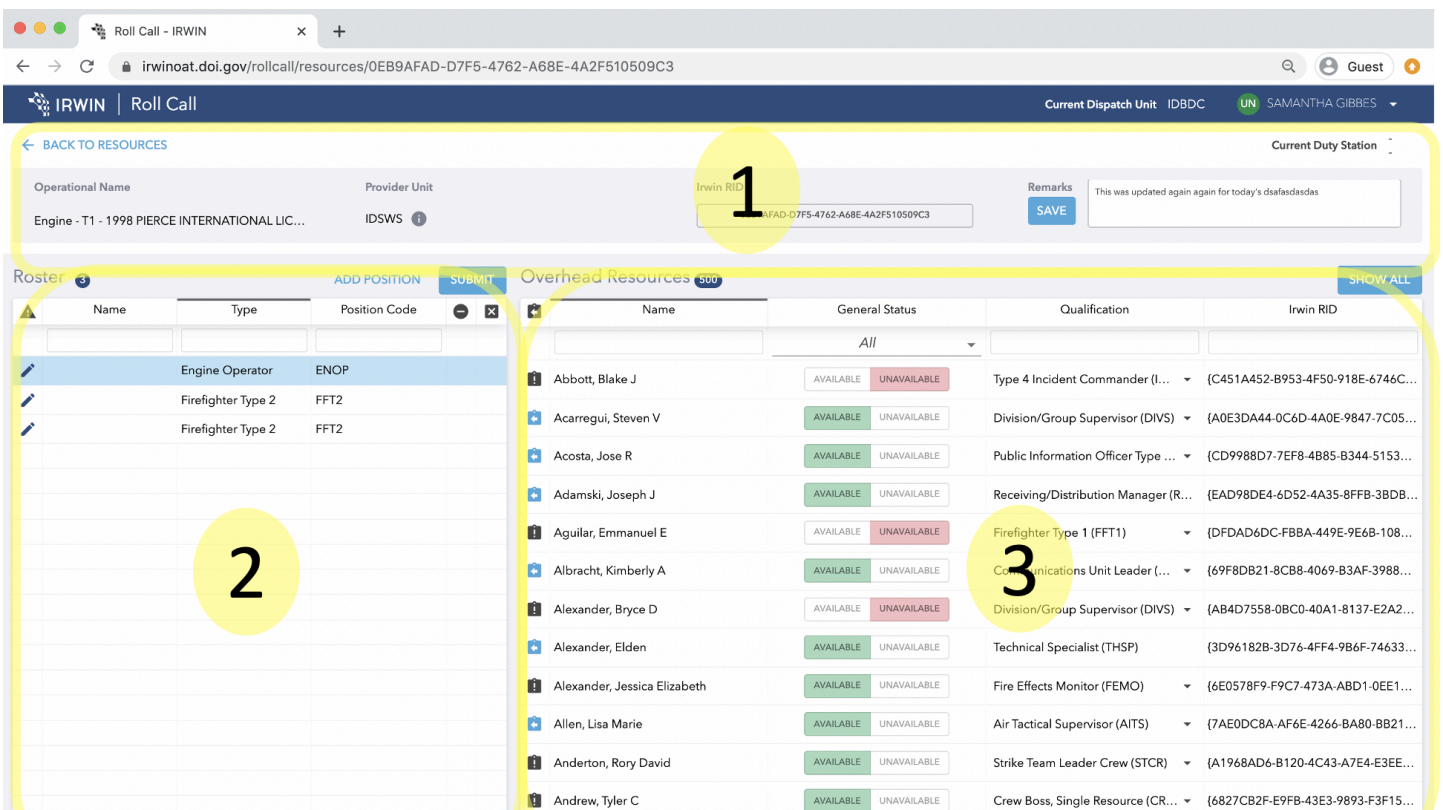

Unavailable - This resource is not available to be rostered.

Available (Off Zone Only) - Resource is only available for out of area assignments. Implementation of this status is to allow for days-off unavailability while allowing the available status to persist in IROC for off-zone assignments.

Section 6 - Current Duty Station

On the landing page, the current duty station is displayed as a column. Users can assign the resource to a duty station by selecting the drop down.

[GeoPlatform Portal](#)

The screenshot shows the IRWIN Roll Call interface. A yellow box highlights the top section, and three numbered circles point to specific elements:

- 1** points to the "Current Duty Station" dropdown menu, which is currently set to "IDBDC".
- 2** points to the "Roster" table, which lists resources with columns for Name, Type, and Position Code.
- 3** points to the "Overhead Resources" table, which lists resources with columns for Name, General Status, Qualification, and Irwin RID.

The "Roster" table contains the following data:

Name	Type	Position Code
Engine Operator	ENOP	
Firefighter Type 2	FFT2	
Firefighter Type 2	FFT2	

The "Overhead Resources" table contains the following data:

Name	General Status	Qualification	Irwin RID

Roster Dashboard Page

After selecting a parent resource to roster, the details dashboard is launched. The dashboard has 3 main panels. Each panel is described in detail below.

Panel 1 - Parent Resource Heading

The top of the page displays the information related to the selected parent resource. This panel serves as a reference to identify which parent resource is currently displayed.

IRWIN RollCall User Guide

Prepared By:
 Last Modification Date

IRWIN Implementation Team
 4/29/2021

The only item that is editable in the heading panel is the remarks box, which is used to add notes such as “Committed to teaching S-290 in the morning, delayed response”. Once text is added, click the save button. The text is saved to the IRWIN Resources table in a separate field .

[GeoPlatform Portal](#)

The screenshot shows the IRWIN Roll Call application interface. A yellow box highlights the top section, which includes the 'Operational Name' (Engine - T1 - 1998 PIERCE INTERNATIONAL LIC...), 'Provider Unit' (IDSWS), and a 'Remarks' box with a 'SAVE' button. A yellow circle with the number '1' is placed over the 'Remarks' box. Below this, a yellow box highlights the 'Roster' table, which has columns for Name, Type, and Position Code. A yellow circle with the number '2' is placed over the 'Roster' table. To the right of the 'Roster' table is the 'Overhead Resources' table, which has columns for Name, General Status, Qualification, and Irwin RID. A yellow circle with the number '3' is placed over the 'Overhead Resources' table.

IRWIN RollCall User Guide

Prepared By:
 Last Modification Date

IRWIN Implementation Team
 4/29/2021

As mentioned, the user may add additional positions if so desired. Conversely, there may be times where minimum requirements are not met. For example, if the engine boss on an engine is unavailable and the local management has chosen to have that engine run in tandem with another resource with qualified leadership, the application will allow the user to submit a roster which doesn't meet minimum standards. The user will receive a message on submit indicating the roster was successful submission but minimum requirements are not met. This functionality enables local managers flexibility to manage their resources with autonomy. However, if there was a request for the resource to go off unit, adjustments to the roster to meet NWCG

[GeoPlatform Portal](#)

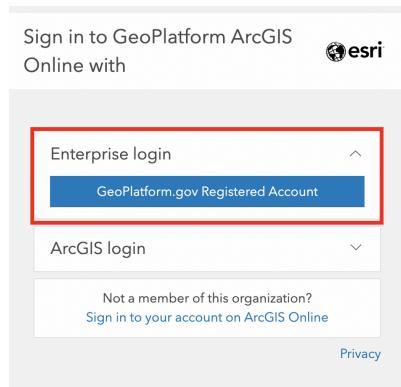

The screenshot shows the IRWIN Roll Call application interface. The browser address bar displays the URL: irwinoat.doi.gov/rollcall/resources/0EB9AFAD-D7F5-4762-A68E-4A2F510509C3. The page header includes the IRWIN logo and the text "Roll Call". The current dispatch unit is IDBDC, and the current duty station is SAMANTHA GIBBES. The interface is divided into several sections:

- Operational Name:** Engine - T1 - 1998 PIERCE INTERNATIONAL LIC...
- Provider Unit:** IDSW5
- Remarks:** This was updated again again for today's daafasdasdas
- Roster:** A table with columns for Name, Type, and Position Code. It lists three positions: Engine Operator (ENOP), Firefighter Type 2 (FFT2), and Firefighter Type 2 (FFT2).
- Overhead Resources:** A table with columns for Name, General Status, Qualification, and Irwin RID. It lists various resources with their status (AVAILABLE or UNAVAILABLE) and qualifications.

Annotations are present on the screenshot:

- 1:** Points to the "Irwin RID" field in the Remarks section.
- 2:** Points to the "Roster" table.
- 3:** Points to the "Overhead Resources" table.

staffing requirements shall be accomplished either within RollCall or IROC depending on locally established procedures.

Begin Filling a Position

To find resources able to fill a position, click on one of the positions listed in the left panel. The action of clicking the position will filter the overhead resources listed on the right side of the screen (Panel 3 - Overhead Resources). Only overhead resources with the selected capability are displayed.

There are 3 statuses of the resources displayed, indicated by a suitcase icon next to their name.

The  icon indicates that the resource is available to be placed in a roster.

The  icon indicates the resource is assigned to the current roster.

The  icon indicates the resource is already assigned to a different roster. Hover over this icon and a pop-up will inform the user which roster the individual is already assigned to.

IRWIN RollCall User Guide

Prepared By:
Last Modification Date

IRWIN Implementation Team
4/29/2021

The screenshot displays the IRWIN Roll Call application interface. The top navigation bar includes the IRWIN logo, a 'Roll Call' link, and user information for 'Samantha Gibbs'. The main content area is divided into two sections: 'Roster' and 'Overhead Resources'.

Annotation 1: A yellow circle with the number '1' highlights the 'Operational Name' field, which is set to 'Engine - T1 - 1998 PIERCE INTERNATIONAL LIC...'. The 'Provider Unit' is 'IDSWS', and the 'Irwin RID' is '0EB9AFAD-D7F5-4762-A68E-4A2F510509C3'.

Annotation 2: A yellow circle with the number '2' highlights the 'Roster' table. The table has columns for Name, Type, and Position Code. The first row shows 'Engine Operator' with position code 'ENOP'. The second and third rows show 'Firefighter Type 2' with position code 'FFT2'.

Annotation 3: A yellow circle with the number '3' highlights the 'Overhead Resources' table. The table has columns for Name, General Status, Qualification, and Irwin RID. The first row shows 'Abbott, Blake J' with status 'AVAILABLE' and qualification 'Type 4 Incident Commander (I...'. The second row shows 'Brown, James M' with status 'AVAILABLE' and qualification 'Heavy Equipment Boss, Single ...'. The third row shows 'Burley, Beau W' with status 'AVAILABLE' and qualification 'Division/Group Supervisor (DIVS)'. The fourth row shows 'Carter, Cathy Jo R' with status 'AVAILABLE' and qualification 'Engine Operator (ENOP)'. The fifth row shows 'Chung, Quincy' with status 'AVAILABLE' and qualification 'Firefighting Resource (FI...'.

IRWIN RollCall User Guide

Prepared By:
 Last Modification Date

IRWIN Implementation Team
 4/29/2021

The overhead resource “Elles, Michael S” is now added to the Engine Operator position:

[GeoPlatform Portal](#)

The screenshot shows the IRWIN Roll Call application interface. A yellow box highlights the 'Operational Name' field, which contains 'Engine - T1 - 1998 PIERCE INTERNATIONAL LIC...'. A red circle with the number '1' is placed over the 'Irwin RID' field, which contains 'AFAD-D7F5-4762-A68E-4A2F510509C3'. A red circle with the number '2' is placed over the 'Roster' table, which lists positions: Engine Operator (ENOP), Firefighter Type 2 (FFT2), and Firefighter Type 2 (FFT2). A red circle with the number '3' is placed over the 'Overhead Resources' table, which lists resources: Abbott, Blake J; Acarregui, Steven V; Acosta, Jose R; Adamski, Joseph J; Aguilar, Emmanuel E; Albracht, Kimberly A; Alexander, Bryce D; Alexander, Elden; Alexander, Jessica Elizabeth; Allen, Lisa Marie; Anderton, Rory David; and Andrew, Tyler C. The 'General Status' column for these resources shows 'AVAILABLE' or 'UNAVAILABLE'.

IRWIN RollCall User Guide

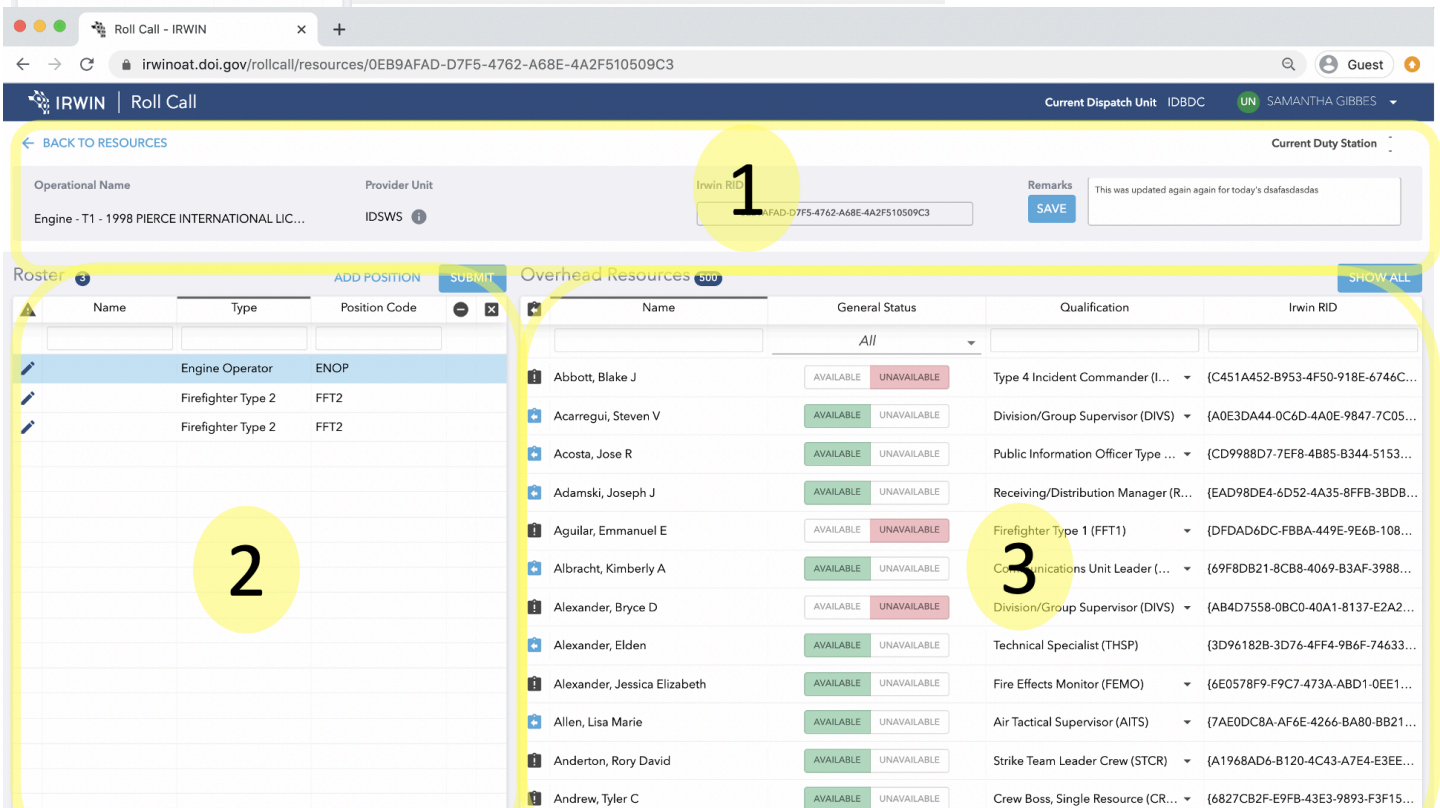

Prepared By:
Last Modification Date

IRWIN Implementation Team
4/29/2021

The screenshot shows the IRWIN RollCall interface. At the top, there's a navigation bar with 'IRWIN | Roll Call' and a 'Current Dispatch Unit' dropdown set to 'IDBDC'. Below this, there's a 'Current Duty Station' dropdown. The main content area is divided into two sections: 'Roster' and 'Overhead Resources'. The 'Roster' section has a table with columns for Name, Type, and Position Code. It lists several personnel, including 'Elles, Michael S' as an Engine Operator (ENOP) and two Firefighter Type 2 (FFT2) personnel. The 'Overhead Resources' section has a table with columns for Name, General Status, Qualification, and Irwin RID. It lists various roles like Incident Commander, Heavy Equipment Boss, and Division/Group Supervisor.

[GeoPlatform Portal](#)

This screenshot is an annotated version of the IRWIN RollCall interface. It features three yellow callouts:

- Callout 1:** Points to the 'Irwin RID' field in the 'Remarks' section, which contains the value '0EB9AFAD-D7F5-4762-A68E-4A2F510509C3'.
- Callout 2:** Points to the 'Roster' table, specifically highlighting the 'Engine Operator' (ENOP) row for 'Elles, Michael S'.
- Callout 3:** Points to the 'Overhead Resources' table, specifically highlighting the 'Firefighter Type 1 (FFT1)' row for 'Acarregui, Steven V'.

 The interface also includes a 'BACK TO RESOURCES' link, a 'Current Dispatch Unit' dropdown (IDBDC), and a 'Current Duty Station' dropdown. The 'Roster' table has columns for Name, Type, and Position Code. The 'Overhead Resources' table has columns for Name, General Status, Qualification, and Irwin RID.
