

# ASCENSIONHOUSE

For the past 10 years, the founders of Ascension House Extended Care in Austin have been helping young men and women grow, heal and recover their lives. The Ascension House was formed to create an intensive nurturing environment, to establish higher effectiveness for men and women needing to discover accountability and in a family environment to achieve lasting recovery. It has been proven time and again that individuals who establish a firm foundation and support system through treatment and extended care have substantially higher success rates of sobriety. At Ascension House, the loving community is essential and to instill tools, communication and accountability for positive habits and behaviors that are transforming and long lasting. Ascension house provides high structure and accountability to clients suffering from recent relapses or with under 30 days of sobriety. We transport clients, provide medication management and have leveling accountability system in place, teach big book, provide H&I, establish personal relationships with each client and provide. gym membership. Our clients are introduced to the local recovery community and paired with vetted sponsors and asked to work the 12 steps of alcoholics anonymous. Please call us today to learn more or come by for a tour!

Ascension House - Sober Living Austin
