Time	Topic	Discussion Leader(s)	Key Meeting Outcomes
75 min	<b>Special Guests</b> <ul style="list-style-type: none"> <li>- Dr. Shah, D97 Superintendent</li> <li>- Patrick Robinson, Assistant Superintendent of Elementary Schools</li> <li>-</li> </ul>		<p>Spirited discussion took place about classroom size, reduction in classes for the upcoming year. Special emphasis for rising 1st and rising 4th grade as they are losing a teacher. There are criteria the district looks at to address needs: scores, SEL, class sizes, IEPs and 504s, etc. The word budget wasn't used but a lot of it seems to hinge around budget.</p> <p>Dr. Shah offered to have a meeting in the fall to discuss the plan for the school year to align resources to support each and every child. She floated the idea of having individual plans for each kid. A parent asked to move the plan up to this summer to plan for this age cohort. Dr. Shah wants to talk to Patrick and Gavin and Principal Ali to see what is viable.</p> <p>Shah: using a enrollment based staffing process -they are sharpening their system - becoming more efficient</p> <p>Dr. Shah is going to send the powerpoint presentation that explains more about the staffing and classroom size criteria used to make decisions.</p> <p>Budget is tight - in order to reduce class sizes areas would need to be cut.</p> <p>Question: is rising 1st grade a set no to keep the fourth section? It's not a hard no, it's possible, per Principal Ali.</p> <p>Patrick reminded us for classroom makeups they are looking at 8 schools sort of all at once based on data points shared by Principals.</p> <p>A parent asked for the bases by which exceptions are given to be able to support Ali as it pertains to asking for a fourth class section.</p> <p>Julie brought up moving the Renaissance Star rollout to the following year with so many uncertainties...also, what testimonials or other examples are there to discuss and learn from with respect to three new systems coming in one year. This is a new system to incorporate lesson planning and assessing student performance. Several districts are already using these systems.</p>
