# Career and Technical Education Career Pathway Worksheet

Select a career pathway within a career cluster that aligns with your interests and talents. Talk with your counselor and Career and College Manager about the recommended sequence of courses for a career pathway. Remember, your career pathway must include an upper-level course to fulfill the requirements for a CTE Concentrator Course of Study. Choose rigorous academic courses that complement your career pathway. Refer to the Career and Technical Education section of the registration book to complete this worksheet.

| CAREER CLUSTER | 9TH GRADE | 10TH GRADE | 11TH GRADE | 12TH GRADE |
