Grassroots Network
2024-2025**

TRI-COUNTY
EDUCATIONAL SERVICE CENTER

Welcome, all who teach math!

Who	Math teachers (grades K-12)
What	Collaborative meetings to grow our community of mathematicians at all levels.
Where	Tri-County Event Center 700 Winkler Rd. in Wooster
When	8:30 - 3:00 September 27, December 6, January 31, March 14, May 16

The Tri-County Math Grassroots Network was formed to provide an opportunity for all math teachers (K-12) in our area to collaborate and learn. The purpose is to promote high quality math instruction for all learners. We follow an adaptive schedule for each meeting that includes time to engage in math activities, discuss a book of interest, explore an interesting article, podcast, or video, share ideas, and debate relevant topics.

This is a fun, engaging group that is led by all participants. We hope you can join us! [Register using this link](#) or the QR Code.
