2022 NCFA Forensics Camp

CSU Sacramento

We are pleased to extend an invitation to the 2022 NCFA Forensics Camp hosted by CSU Sacramento. The camp will take place on Saturday, September 10th, 2022 and focus on IPDA, NPDA and NFA-LD style debate as well as the full range of AFA / NFA individual events. This year we are continuing with a format that we hope will make the camp beneficial to both our rookie and more seasoned competitors alike. The debate side of the event will consist of lectures and labs in the morning with a 2 round mock tournament in the afternoon.The individual event side of the event will include a full day of lectures and workshops.

Like previous years it is our plan to offer advanced lectures in the morning for your more experienced debaters. It is our hope this will increase participation by seasoned debaters who will then participate on judging panels in the afternoon. The advanced sessions will be general to all forms of debate and will focus on topics requested by the debaters. The Individual Events side of the camp will hold sessions for returning students hoping to get feedback on current events.

All formats of debate will be governed by their respective national rules of debating. Ballots will also be available electronically immediately after the event. Disclosure and discussion is encouraged, but please stay aware of the schedule when giving novice debaters feedback and don't forget to return your ballots!

Judging

One judge covers two entries in any form of debate per day. A judge can be split between two different formats on the same day (Parli/LD/IPDA) but may only be assigned to one pool by the director. If judging commitment is a problem, please let us know beforehand.

Any coach, faculty member, or open level competitor with at least one year of experience may judge at the camp. Please bring enough judges to cover your entry. Entries may be restricted based on available judging; we are not planning on hiring judges. Remember our hope is that you will bring your open debaters to both learn and judge.

Fees

Our fee structure is designed to be very affordable and accessible. Please contact Ryan Guy if these fees constitute a financial hardship for your squad.

School fee: $15.00 per school

Student fee: $2.00 per student

We are not permitting uncovered entries, so there is no uncovered fee.

*We take cards, checks, and cash. Make checks payable to **NCFA***

Guidelines for Maintaining a Professional and Respectful Educational Environment:

All tournament attendees are to be protected from an intimidating, hostile, or threatening work or educational environment. All attendees will be held to the standards established by California Education Code 212.5 and/or Title IX of the Education Amendments of 1972. Failure to follow these guidelines may result in being removed from the tournament and/or being disqualified from the round in question. All incidences of such violations should be reported to the tournament host. Judges will be instructed that they may dismiss or award a loss to a student who violates California Education Code 212.5 and/or Title IX of the Education Amendments of 1972.

Entry

Entry for the Debate Camp will be done online at forensicstournament.net with a closing date of Thursday, September 8th at 8pm. Changes ARE permitted in person the morning of the event at registration; at that time rosters will be finalized for the practice debates later in the day. This should give us the opportunity to make hybrid teams if an odd number of debaters make the event from given squads.
https://forensicstournament.net/NCFACAMP/22

Please do not send your debaters to the event without registering them in the tournament. Adding entire schools day-of adds unnecessary stress to the event. Also, please send a coach or other representative from your school to oversee and supervise the learning of your students even if you are not judging or lecturing.

Campus

Sac State's address is 6000 J Street, 95819. Most rounds and registration will be in Mendocino Hall, so parking in Lot 2 is the best option. Here is a link to an interactive campus map

Parking Permits

A Sac State virtual parking permit is required to park on campus at all times. A $8 daily (or $4 two-hour) virtual parking permit can be purchased using one of three methods below. Your license plate is your parking permit!
.

3 Ways To Pay For Parking

PayByPhone

Sign up for a PayByPhone account and download the PayByPhone app. When you arrive on campus, enter location number "5115" into the app to pay your parking fee.

Permit Machine

When you arrive on campus, pay with cash (no coin) or credit at any permit machine located in all student parking lots/structures or the UTAPS office at the Welcome Center building

Parking Portal

Purchase a permit in the online parking portal.

Permit Machine Locations

Permit machines located in all student parking lots/structures:

- Student Lots 1C, 7, 8, 9, 14

- 5th floor of Parking Structure 1

- 3rd floor of Parking Structure 2

- 1st and 3rd floors of Parking Structure 3

- 3rd and 4th floors of Parking Structure 5

- The UTAPS office at the Welcome Center building

Internet Access

While on campus, connect your devices to our official wireless network, eduroam. To keep campus securely connected, we support over 1,600+ Wi-Fi access points, offer guest and event access, continue to upgrade buildings and structures to Wi-Fi 6 speed, as well as expanding Wi-Fi coverage to meet the growing needs of our campus community. Many of you will automatically be connected to eduroam if you have connected to it at another school. If not, instructions below:

Connecting To Campus Wi-Fi (eduroam {Cal State Students and Faculty})

Eduroam is the name of the Wi-Fi network here on Sac State Campus. We value security here on campus, and as such, eduroam has been configured to ensure you can safely browse the internet. With that comes a small trade of connecting to eduroam has some extra steps to make sure you are always connecting to the real eduroam.

To connect, you will need an active CSU student or faculty email account

1. In your device's Wi-Fi menu
2. Click on Connect to Eduroam.
3. Follow the instructions for your device and click **Join Now**.
4. When prompted, enter your student email (ending in @csus.edu for example) into the username field and then your associated password with that account.

Connecting To Campus Wi-Fi (NON-CSU)

Join the Wifi network "SacLink Guest" and enter your email when prompted.

See you all in Sacramento!

Douglas Mungin, Ryan Guy, & Jared Anderson

Debate Events Lab Schedule

Opening Ceremony 8:30am in Mendocino Hall 1015

8:45-9:40 AM - Lab Session #1

(NPDA) Basics of Case Construction in Parliamentary Debate - Ryan G **[1028]**
