- President & Vice-President:
  - From VP and President: Thank you for all of your hard work and help with all of the initiatives and things happening in the background over the past 6 months!! My apologies I could not make it to the last meeting for the fall term!
    - We've had overflowing feedback from presenters, members, attendees, and administration of multiple faculties at UM. really solidifying us as a strong club with a strong presence at UofM. Thank you for your continual passion, courage, leadership, and patience that really keeps the club going.
  - Coordinating MUHS speakers and workshop coordinators
    - Looking for a keynote speaker on healthcare professional advocacy as well as patient advocacy
      - Maybe some sort of HR position for healthcare professional advocacy?
        - Dr. Joss Reimer?
        - Anyone involved in the strike?
        - Occupational health?

- Union presidents?
      - Maybe a pediatrician and social worker for patient advocacy?
        - Nurses
      - MUHB - Premier Wab Kinew?
    - Case study - diversity of profession
      - Rare cases
  - Rooms finally all booked - we have extra rooms just in case
  - Applied for funding from 3 science departments
    - $\frac{2}{3}$  approved
  - Contacting RFHS for info on department breakdown as potential funding
  - Looking for help with:
    - Contacting pharmacy for workshop materials
    - Contacting dentistry for workshop materials
  - MUHS committee form is out - encourage your friends to apply
    - Due Wednesday next week
    - 1 member for sponsorship help

  - Academic:
    - Potential fundraiser in February
      - Krispy Kreme?
      - Dairy Club ice cream bake sale? - Valentine's
        - Gluten free
      - General poll
  - Professional:
    - RHFS interdisciplinary healthcare professional panel:
      - Thank you everyone for your help! It was a great turn out.
      - Minor changes for next time:

- Have attendees like questions that they would like the panelists to answer most as a way to organize the order of questions that are being asked - popularity
    - Pre-made questions for each of the panelists to ensure each of them has their own questions
    - Alternating between personal and general questions would be a good balance for next time.
    - If anyone has any suggestions, please let me know!
      - Hard to hear from the back, we found the mic/we could turn it up
      - Talk near the mic
  - Good things to keep in mind:
    - Slido was easy to use and manage
    - Audience really liked the Q and A period
    - There was a lot of interactions between panelists and the audience
    - The amount of pizza ordered was good (10 boxes total) with no leftovers. We had 68 people signed up and about 40 had shown up.
  - I can help out with contacting pharmacy for workshop materials for MUHS!
  - Note: to keep in mind that it was still a bit hard to hear panelists, try to use the handheld mic next time
-
