

Proposal from his majesty

A modification to holidays

Holidays in the Kingdom are in need of revision. We have been following roughly the same set of holidays since 2017 with few additions or modifications through the years. I believe it is time to take a fresh look at what we are celebrating every year. I propose three things:

The first is the addition of 'Monarchy Day' on 10 December, and 'Parliament Day' on 2 October celebrating the foundation of both institutions.

The second is the renaming of 'Hanging of the Raiders' to 'Christmas'. Hanging of the Raiders is an inside joke and ultimately has no place in our legislation.

The third is the reorganization of all celebrated holidays into two categories. The first of these categories would be 'national holidays' which encompass holidays directly celebrating the Kingdom. The second category would be 'recognized holidays' which would encompass all other nationally celebrated holidays. Both categories would be as follows:

National Holidays

- April 13: Winterspell Day
- October 2: Parliament Day
- December 10: Monarchy Day

Recognized Holidays

- January 1: New Years Day
- January 8: Gnome Takeover Day
- April 22: Earth Day
- May 21: International Tea Day
- June 1-7: Doughnut Day (First Friday of June)
- June 28: Formal Day
- August 1: Stand Under a Bush Day
- August 20: Voyager 2 Day
- August 23: yaD sdrawkcaB
- September 1-7: Culture Week
- September 5: Voyager 1 Day
- October 9: Leif Erikson Day
- October 23: Fallout Day
- December 25: Christmas
