RULES

- The first 16 registered players will form 2 groups:

 - 1 to 8 - Group 1

 - 9 to 16 - Group 2

The waiting list will be activated if any player does not show up to play. The waiting list will be prioritized along with the live stream participants.

- Be in the community group, where all communications and possible changes regarding the tournament will be communicated:

Main group (Portuguese)

<https://chat.whatsapp.com/DiAYOBIf1VTG5BCqX4sG7f>

Or English only group

<https://chat.whatsapp.com/HTTwQo0fURX7v6fwqYpW3s>

- If you have any questions, the organizers will be available in both WhatsApp groups.

- Be online and follow the streamer **Lucker ID 21269** at the time of the game.
- From the moment the room is created, there will be a 5-minute grace period to be online.
- If someone does not show up, the waiting list of players registered on the mcgg.my website will be activated. It is important to communicate in the chat, letting them know that you are present and connected so that the streamer can contact you.

The first room will be formed at 7 PM UTC-3. After the match ends, the second room will be formed. At the end of the second room, the 4 best players from both rooms will play 3 more matches. The winner will be the one who scores the most points.

- Group 1: Play 1 match, players ranked 1st to 4th advance.
- Group 2: Play 1 match, players ranked 1st to 4th advance.
- Final: Best of 3 (MD3) - Play 3 matches, with points added together.

Note: During the MD3, the player who uses Nana's card will receive 4 additional points.

1st place: 8 points
2nd place: 6 points
3rd place: 5 points
4th place: 4 points
5th place: 3 points
6th place: 2 points
7th place: 1 point
8th place: 0 points

 The player with the most points wins. 

Tiebreaker criteria: In case of a tie in points, the player who achieved 1st place in one of the 3 matches of the MD3 wins. If two players finish in 1st place, the tiebreaker criterion will be the total number of rounds won in the MD3. If the tie persists, the longest time spent in the matches will be considered.

Repechage: If any player does not attend the MD3, players from 5th place onwards will be called up, prioritizing the group to which the absent player belongs. If the 5th place player from the absent player's group is not present, the 5th place player from

the other group will be called up, and so on. To participate, you must follow the live chat to mark your attendance.

Only Commander Nana is allowed. If the match starts with a player using another commander, the players must surrender and another player will be called to replace them.

Any unforeseen event not covered by the rules will be at the streamer's discretion, who will make the best decision to resolve it.

 Playing as a team with other opponents is prohibited; this means removing pieces from the board or weakening the formation to benefit an opponent.

 Forfeiting is prohibited in the final 3 matches. Forfeiting is only allowed in the first 2 matches.

Not participating in the first final match does not constitute abandonment, as there is the possibility of a second chance for another player to participate.

This occurrence will result in the immediate disqualification of those involved and a 1-tournament suspension.

 Manual chat is prohibited. Ask your questions in the WhatsApp group.

 Chat with standard messages and standard interactions is allowed.

We ask all participants to maintain fair play, have fun, and show respect above all else.

 By participating in the tournament, you agree to the rules above.
