¹ Please note that according to the Faculty's Mobility Regulations, you are required to successfully complete at least 3 psychology courses or a minimum of 15 ECTS credits in psychology during your mobility period. You are welcome to take additional non-psychology courses; however, these can only be recognized (as elective courses) if the primary psychology course requirement has been met.

² Please be advised that, according to Pannónia Scholarship regulations, every course you complete abroad must be recognized upon your return. Please note that full course recognition does not necessarily mean a 1:1 credit transfer.

³ If you wish to have the course recognized as an elective, please indicate "Elective Course." In this case, there is no need to obtain confirmation from any professors.

⁴ If you have indicated "Elective Course," please contact the Institutional Mobility Coordinator to confirm the number of credits you may receive upon successful completion.

⁵ Please ensure that you forward the lecturers' confirmation emails to the Institutional Mobility Coordinator together with this signed document.
