## MISSION STATEMENT

*"Working together to provide high-quality educational opportunities for all."*

Our mission highlights the importance of collaboration and teamwork in achieving the goal of providing high-quality educational opportunities to everyone. This mission statement emphasizes that education should be accessible to all, regardless of their background or circumstances.

By working together, we can identify the needs of learners, develop plans to meet those needs, and implement strategies to achieve our goals. This mission statement also highlights the importance of quality in education, emphasizing that the educational opportunities provided should be of the highest standard. It is a powerful statement of intent that sets out a clear goal for those involved in education. It emphasizes the importance of collaboration, accessibility, and quality in achieving this goal.

# Vision Statements

Our vision statements were crafted by a small subgroup of the Strategic Planning Committee. Hours were spent reviewing data, discussing trends, and prioritizing values that the community, staff, and students shared throughout the process. These vision statements are used to move our goals forward.

## COMMUNITY

### OUR STUDENTS

Students are confident, resilient, critical thinkers who have the life skills necessary for success. Students are appreciated for their differences and are supported on their educational path.

### OUR STAFF

Staff are a dedicated and passionate group of individuals who are supported by the community and each other. Staff are highly skilled and well equipped to support learning and use best practices.

### OUR DISTRICT

The district prioritizes communication, building relationships, engaging community, and sharing resources that enrich learning in and out of the classroom. The district promotes strong partnerships with families as they are critical to student success.

## CULTURE

### OUR LEARNING ENVIRONMENT

All students, staff, and families feel safe, welcome, and included in our schools. We listen to our students, staff, and families, provide resources to help them thrive, and support multiple pathways for learning.

### OUR PHYSICAL ENVIRONMENT

District facilities maximize student learning by investing in modern, comfortable, flexible spaces that support innovation. Students and staff are supported by scheduling that fosters learning, greater access to community learning spaces, and equitable access to technology.

## CURRICULUM

### OUR INSTRUCTION

Students are engaged in meaningful, hands-on, challenging learning experiences. Staff encourage each student to actively engage in their education and guide them to be successful members of their communities.

### OUR CONTENT

The district designs and delivers a varied and comprehensive curriculum which is crafted to develop skills to communicate effectively, collaborate successfully, think creatively, and apply knowledge gained to new situations.

# Core Learning Principles

Part of our Strategic Planning process was working with a team of educators to designate what we, as RSU 9, believe are the Core Learning Principles. These will be used to guide our work and align our practices.

*Crafted by a team of RSU 9 teachers, reviewed by staff and the Strategic Planning Committee.*

*Teacher Team: Donna Barber, Matt Fournier, Frank Giampietro, Carly Georgen, Doug Hodum, Heather Ingraham-Quimby, Kelli Sanborn*

- All students can learn. Each student is unique in how they learn, the rate at which they learn, and how they demonstrate that learning.
- Positive relationships and safe environments empower, engage, and motivate learners.
- Students learn best when the content inspires curiosity, is connected to student interests, and is relevant to their goals.
- Success in learning encourages future growth and positively influences self-esteem, attitude, and motivation.
- Learning often involves taking risks, making mistakes, and perseverance.
- Students learn best when educators communicate appropriately high expectations and provide strong, flexible learner supports.
- Students succeed when schools, students, families, and communities partner in education.

# Long-Term Goals and Action Steps

## RSU 9 District Goals

### Community
