Make It Your Own

If you think a document that looks this good has to be difficult to format, think again!

We've created styles that let you match the formatting in this brochure with just a click. On the Home tab of the ribbon, check out the Styles gallery.

This is the Quote style. It's great for calling out a few very important points.

Customize in Almost No Time

To try out other looks for this brochure, on the Design tab of the ribbon, check out the Themes, Colors, and Fonts galleries.

Have your own company fonts or colors? No problem! Those galleries give you the option to add your own.

Make It Picture Perfect

To replace any photo with your own, just right-click it and then click Change Picture.

If your photo is not a flawless fit for the space, you can crop it to fit in almost no time. Just select the picture and then, on the Picture Tools Format tab, click Crop.

New Electronic Favorites

My First Keyboard

Whether your child prefers Beethoven, the Beatles, or Bruce Springsteen, he can play favorite tunes, hear letters and words, and experiment with making new music on this fun keyboard. Decorated in bright primary colors, the sturdy keyboard features apple-shaped keys with visual labels.

My Robot Friend

My Red Rocket

To the moon and beyond! This deceptively sleek rocket really flies. Featuring a two-stage electronic ignition and reusable landing parachute, this high-flying toy soars to great

heights and then returns safely to your young space explorer.
