

AP Summit Follow Up

Assignments 9 and 10 are in this module

The purpose of analyzing data and setting goals is to have a focus and plan for thoughtfully changing practice in order to affect student outcomes. The follow-up to the AP Summit consists of reflecting on your implementation and experiences with using the strategies you identified to address your areas of focus.

Between the AP Summit (or AP Release Day if participating asynchronously) and **June 8, 2018**, please:

1. Try out your strategy(ies) at least three times
2. ASSIGNMENT 9 - Post about the experience on the Schoology Discussion Board "Follow-up Strategy Reflections" by content area.
3. Work with your colleagues or curricular ISS as needed to both provide and receive support.
4. ASSIGNMENT 10 – Reflection Paper (for those taking the course for credit). See course syllabus for more details.
 - a. Post this assignment in the same discussion board Assignment 9 is posted. You will also respond to another paper in this post. If possible, please respond to a paper that doesn't have any responses.
5. Meet with your like-content or course colleagues and curricular ISSs at the end of the school year for a reflection and to look toward the new school year.
