

AMV Class Warfare

Event duration

May 1st - 31st. (1st round)

June 7th - 14th (2nd round)

Event details

Participants will need to pick from one of the eight servant classes from the Fate Grand Order (FGO) Universe and make a video featuring a NON Fate character that represents one of these classes or a video that represents the class itself. Servant classes consist of “Saber, Archer, Lancer, Ruler, Avenger, Watcher, Pretender, Beast”. Videos can focus on a character that they feel would fit their class of choice or can even be a video showcasing the class and its themes. Examples 1: a video about Vash the stampede and focusing on him being in the “Archer class”. Example 2: a video about Spear users in anime to represent the “Lancer” class.

Participants will have 4 weeks to create their video. After the first round is done a panel of judges will pick a winner from each of the eight classes. The winners of each eight classes will move on to the second round. You may use characters from any media source. Be aware that the class you pick can determine who you compete against so even though a class like “Saber” or “Archer” could be easier then say “caster” that could mean you have more competition as well. So choose your class carefully young Mage.

Round 2:

After the Judges have picked the winners of each class it shall fall back onto the participants to crown the winner of this “Holy Grail War”. Everyone who participated shall have 1 week to vote on their favorite video of the final eight. There will also be prizes for the videos that receive the 2nd and 3rd most votes as well.
