<b>Total Program Credits</b>	18-32			

Scheduling Notes:
<p>Internship and Action Research are taken concurrently. They are completed in a sequence over Fall, Winter, and Spring. Students must begin their internships in the Fall.</p> <p>Waivable or Variable Credit courses are classes whose content is required for licensure but many students already have training and/or formal coursework in these areas.</p> <p>Students can either waive the class entirely or take just one credit and learn the content they are missing.</p> <p>For details on the waiver process, please see our <a href="#">Course Waiver Process</a> documentation.</p> <p>Waivable or variable credit courses are typically offered once during the academic year and as independent studies in the summer months.</p> <p>To earn a graduate certificate, students must complete a minimum of 18 credit hours</p>
