

Info:

Yo, I'm Soph! I'm opening up writing commissions for a variety of reasons, the main two being that I'm looking to make some money to help my best friend come visit and am unable to work [which in and of itself is a pretty long story, but to cut it short, spinal issues mean that physical labour is a no-go for me!] and I also want to get out there and challenge myself in my writing. I have six years experience in writing fanfiction, original fiction and poetry.

Pricing:

I think **€10/1,000 words** is the safest model, though that being said, **I will not charge extra if I go over the specified amount.** I have the tendency to get quite rambly, but if you commission a piece for €10, rest assured that you won't be charged extra if it turns out to be 1200 words.

All payments will be carried out via **PayPal**. If this is an issue, let me know and I'll see if something can be worked out.

Conditions:

I will **not** write:

- Any extremes
- NSFW content

I **will** write:

- Fanfiction [check below for lists]
- OC works [though obviously, info will be needed! Just the basics are fine]

Fandoms:

Although not fully comprehensive, you can find a list anime I'm familiar with [here](#). In terms of video games, my main fandoms at the moment are Danganronpa, Final Fantasy XIV/XV, Persona and Yakuza. I'm also very interested in otome games, so on the off chance someone would like an otome fic written, I've got you covered.

Style:

My preference is **first person present tense**, though that being said, I'm also comfortable writing in **third person past/present tense**, so it's completely up to you. If you have no preference then I will probably write in my usual first person perspective, though you can specify a narrator if you'd like. I have quite a bit of experience with both, so neither one is an issue for me!

In terms of examples, I don't publish much online as I'm currently working on my novel and I'm trying to keep it private etc etc, but some of my original writing can be found [here](#) and [here](#). Please note that the latter is an extract from my novel, so that's why it's incomplete!
