https://advancedwildlifecontrol.com/

Pesticide Technician – Responsibilities included care of provided company truck and high-pressure spraying equipment, daily interactions with customers to establish and provide pest control of mosquitos and other stinging insects. Position also required acquiring a Wisconsin Department of Trade and Agriculture Pesticide Applicator Certification.

What customers have said:

Colgate, WI 2021-07-06 11:45

"Banner was extremely professional and polite. In addition, he did a very thorough job on a very hot day."

Waukesha, WI 2021-06-09 12:21

"I watched from the window while Max sprayed for ticks and mosquitos. He was very careful not to damage my garden plants and do a thorough job. I appreciate his dedication to detail! Great job!"

ETE Reman - https://etereman.com/

8155 N 76th St, Milwaukee, WI

January 2021

Gained experience working with a real IT team and helped solve IT related problems around a manufacturing plant, working solo and with a team of experienced professionals.
