

Dear Andi,

My name is Wassim, and I am a digital marketer at Especial Marketing. We help businesses expand their online presence and reach their target audience.

I recently came across your website, and I was impressed with the services you offer and the value you provide to your clients. I believe that there is still room for improvement, and I would like to offer my services to help you reach your business goals.

Specifically, I can help you create landing pages (sales pages) for your website to drive traffic and increase conversions. I can also help you manage your social media accounts, develop your website, and create content that will engage your audience.

I have analysed your top competitors in the industry, and I see that they are using social media to great effect. I believe that by working together, we can implement a successful marketing strategy that will help you grow your business and reach more people.

I would like to schedule a discovery call with you to discuss your goals and how I can help you achieve them. During our call, we can also brainstorm some ideas for landing pages and social media content. I have also attached my portfolio underneath, if you would like to take a look at it, and see examples of work we have produced.

I look forward to hearing from you soon.

Sincerely, Wassim
