Use a calculator to find the answers to the calculations within the brackets.

Turn the calculator upside down and it will appear like a word. Use these to fill in the gaps in the story.

Hint : 1= I , 2 = Z 3= E, 4= h, 5 = S , 6 = g, 7 = L, 8 = B

Santa had just finished loading the (3691 x 125) **Sleigh** when (10+ 24) **he** realised he couldn't (67 x 5) **see** a single reindeer.

(27689 x 2) "**Bless me**", he said, "where can they have gone? If we don't (60÷100) **go** soon we'll never get round all the children tonight." He grabbed (900 – 386) **his** (2395+5343) **bell** and rang it loudly. He waited and listened, but nothing happened. " Come on boys," he muttered, "or (1191 x 3) **else** I'll have to phone the (2÷100) **Zoo** and (319 x 2) ___beg____ them to send some more deer."

Just then there came a (8 x 47077) **giggle** from behind the stables. First Santa saw a pair of (23596 + 33738) **heels** then two (1879 x 3) **legs** then at last the whole of Rudolph appeared. (8.5074 ÷ 11)

"Hell **Santa**. Did you like our joke? Don't look so worried. The others are all ready but they're hiding in a (463 x 8) hole in the (6 x 9619)hills" He smiled. They know you're the (9000 -3492) boss really."

"Alright, come on , let's (12 ÷ 20) go," said Santa with a big (923 x 5) sigh of relief. He got out (257 x 2) his list. "Now, let's see, I've got the computer for (28867 x 11) Leslie and the (637 ÷1000) for Gemma, the bike for (3 x 246017) isobel, and . . . . . .
