**PROJECT EVALUATION:** What preparation was involved? What was done at the project? Was the project successful? Should we do the project again? Please feel free to add any other information. Please write on the back of this paper! ©

At the Junior Country Fair, Key Club members helped the project by advertising with paper signs. We went out in front of the school and waved the signs to oncoming traffic. Unfortunately, it rained most of the day and we were unable to stay in the front of the school and had to wave signs at the bus ramp. I think this project is in general a great way to prompt the Junior Country Fair to the general public and we saw some success, however, it did not do to much good when it was raining, and were not at the front of the school advertising where people who need help finding it, or didn't know it was here could find it. I recommend not doing this project when expecting heavy rain, but in general, if it was not raining, this would be a very nice project.
