#### **LAWNS AND LAWN ALTERNATIVES** *Presented by Gretel Anspach, a Trustee of the Massachusetts Horticultural Society, and Lifetime Master Gardener*

Lawns are imported garden fixtures from places with cool, wet summers. Here a “perfect” lawn is a major drain on water supplies, a source of pollution, and a lot of work. Look at options for tailoring your lawn and your lawn care to fit your needs, potentially eliminating hundreds of hours of labor and expensive treatments every year. The talk will include some discussion of alternatives to the traditional grass lawn. Light refreshments, including gluten free options, sweets, coffee, and tea will be served. In-person raffle for members and guests. Guests are welcome - Guest fee is \$5.00

- Create a floral design out of anything but it must include some plant material (cut/ potted/ dried or fresh) that captures the essence of that piece of Art (Think Festival of Flowers or Art in Bloom, but more fun)
- Bring the photo or Art piece and your design to the Carriage House on Friday, May 22, 2026, by 11:00 am.
