

# Symbol Song

Symbols! Symbols! Symbols! Symbols!

Symbols...of Colorado!

Sing! Sing a song about symbols, Sing! Sing a symbol song!

Sing! Sing a song about symbols, Sing, if you like you can sing along.

Our great state has symbols, all chosen through the years  
that represent important things to the people who live here!

Sing! Sing a song about symbols, Sing! Sing a symbol song!

Sing! Sing a song about symbols, let's all sing a symbol song.

The **FLAG** of Colorado is displayed with pride -

it's colors represent important things known statewide.

The blue stripes stand for blue skies, the white stripes mountain snow.

The red "C"s for the red earth found all over Colorado.

The circle in the middle stands for the gold

that brought businesses and people, both young and old!

The flag of Colorado!

The **LARK BUNTING** is our state bird -

On plains and in the prairies its warbling can be heard.

They come here in the springtime and fly south in the fall.

All black and white, and not too big, their song's the best of all.

Their song is the best of all!

Sing! Sing a song about symbols, Sing! Sing a symbol song!

Sing! Sing a song about symbols, Sing, if you like you can sing along.

Sing! Sing a song about symbols, Sing! Sing a symbol song!

Sing! Sing a song about symbols, let's all sing a symbol song.

Our state fossil is the **STEGOSAURUS!**

It lived one hundred fifty million years before us!

It had a spiked tail and big scales on its back.

It had a small head, and ate leaves for a snack.

The first complete skeleton was found here in our state.

At thirty feet long and a load of ten tons, it wasn't underweight!

The **ROCKY MOUNTAIN BIGHORN SHEEP** is our state animal.

They're found high in the Rockies and their life is never dull.

For the males butt their heads and it makes a loud sound,

but their curved horns protect them from injury somehow!

The Rocky Mountain Bighorn Sheep is our state animal, animal!

The **COLORADO BLUE SPRUCE** is our state tree.

And every year at Christmastime a lot of them you'll see!

They have a pyramid shape and are colored silver-blue.

They grow in different sizes so there's one just right for you!

The Colorado Blue Spruce...is our state tree, state tree!

Our state's official fish is the **GREENBACK CUTTHROAT TROUT.**

They're beautiful but scarce so fishing for them's out.

And now there are more and more of them,

the greenback cutthroat trout, cutthroat trout!

Honor your corner! Swing your partner! Circle to the left! Promenade!

The Colorado folk dance - is the old **SQUARE DANCE**, square dance!

Sing! Sing a song about symbols, Sing! Sing a symbol song!

Sing! Sing a song about symbols,

Now we've sung our symbol song! **SYMBOL SONG!**
