

Mark Rickenbach
Professor of Forest & Wildlife Ecology *and*
Interim Associate Vice Chancellor for Research Policy & Integrity
University of Wisconsin-Madison

Formal Education

Ph.D. Forest Resources, Oregon State University (2000)
M.S. Forestry, University of Massachusetts-Amherst (1996)
B.S. Forest Science, Pennsylvania State University (1994)

Positions and Roles

Current

Interim Associate Vice Chancellor for Research Policy & Integrity & Research Integrity Officer (RIO), UW-Madison Office of the Vice Chancellor for Research (OVCR, July 2023-pres)

- Oversee outside activities reporting, financial and institutional conflicts of interest, research security and export controls.
- Lead the campus-wide, integrated development and implementation of a research security program compliant with federal requirements.
- As RIO, manage allegations of research misconduct, assure training compliance, and otherwise foster research integrity.
- Serve as a member of the OVCR leadership team and work collaboratively with team members and campus partners to advance the research mission.
- Supervise and support professional staff with institutional compliance responsibilities.

Professor, UW-Madison Department of Forest & Wildlife Ecology (Assistant: 2000-2006, Associate: 2006-2011, Extension Specialist 2000-2019, Full: 2011-pres)

- Conduct Wisconsin-centric, applied and policy-relevant research; foci include individual and collective decision-making, and policy evaluation.
- Mentor, advise, and teach undergraduate and graduate students.
- Engage partners and learners to extend scholarly knowledge to address forestry and natural resources issues; Emphasizing impacts on policy and practice.
- As Extension Specialist, provided leadership to statewide forestry initiatives related to research, outreach, and policy.

Past

Senior Associate Dean, UW-Madison College of Agricultural & Life Sciences, (2019-2023)

- Led faculty affairs (~240 faculty; 16 departments), including recruitment, promotion, professional and leadership development, performance, compensation, and retention.

- Served as primary contact for 16 department chairs, supervised professional staff, and otherwise fostered an inclusive academic work environment and leadership development.
- Oversaw CALS facilities that support animal, plant, and biological research and teaching spaces, major building projects (e.g., Babcock Hall and Center for Dairy Research), 12 agricultural research stations, and the completion of the CALS 2023 Facilities Master Plan.
- Served as a member of the college's senior leadership team and collaborated with the dean, other associate deans and campus leaders to advance college priorities.

Interim Associate Dean for Research, UW-Madison College of Agricultural & Life Sciences, (2021-2023)

- Led \$100M+ portfolio of basic, applied, and transformative collaborative research across agricultural, bio-medical, environmental, and social sciences.
- Fostered university, federal, state, and stakeholder collaborations to support research for the public benefit; secured congressional funding for a new Plant Sciences research facility.
- Oversaw research division staff and all aspects of the college research mission.

Chair, UW-Madison Department of Forest & Wildlife Ecology (2015-2019)

- Led department by supporting faculty, staff, and students; encouraging positive climate, transparency, and collaboration; and advancing department mission and priorities.
- Engaged donors, partners, stakeholders, and constituencies toward collaboration and shared outcomes across teaching, research, and outreach/extension.
- Stewarded and grew state, extramural, and gift resources to support our tri-fold mission.
- Supervised a mix of academic and administrative staff to include performance reviews and fostering professional growth.

Associate Chair, UW-Madison Department of Forest & Wildlife Ecology (2009-2015)

- Assisted chair in department management, particularly as it relates to forestry and extension; faculty affairs, budget requests, and funding and staffing collaborations with the Wisconsin Department of Natural Resources.

Strategic Planning Lead, UW-Madison College of Agricultural & Life Sciences (2013-2015)

- Facilitated work teams toward planning and policy outcomes related to college governance, research infrastructure, teaching and extension capacity, and international programs.
- Led development of college priority intellectual themes toward pilot course offerings and two new faculty-led intellectual communities.

Shared Faculty, USDA National Institute of Food & Agriculture, Institute of Bioenergy, Climate, and Environment (Intergovernmental Personnel Assignment, 2012-2014)

- Led review of the McIntire-Stennis Cooperative Forestry Research Program to inform the agency, Forestry Research Advisory Council, and recipient institutions.

Research Associate, Sustainable Forestry Partnership, Oregon State University (2000)

- Developed national outreach publication and associated materials on forest certification; Assisted in the management of the Partnership.

Current professional memberships

- American Association for the Advancement of Science
- Association of Research Integrity Officers
- Committee on Publication Ethics

Honors, Awards, and Special Appointments

- Provost Fellow (UW-Madison academic leadership fellowship, 2018-2019)
- Leadership Development for the 21st Century: Linking Research, Academics, and Extension (LEAD-21) nominated participant (2018-2019)
- Wisconsin Council on Forestry, Forestry School Representative (gubernatorial appointment, 2011-2018)
- Big Ten Academic Alliance (formerly Committee on Institutional Cooperation) Academic Leadership Program Fellow (2013-2014)
- Wisconsin's Legislative Council Study Committee on the Managed Forest Land Program Public Member (legislative appointment, 2010-2011)
- Organisation for Economic Co-operation and Development (OECD) Visiting Fellow, University of Sheffield, UK (2008)
- Charles H. Bullard Fellow, Harvard Forest, Harvard University (2007-2008)
- The Aldo Leopold Foundation Visiting Fellow (2007-2008)
- Association of Natural Resource Professionals Gold Medal Short Publication Award (2003)
- Xi Sigma Pi Inductee (Natural Resources Honor Society, 1995)

None at this time.

Continuing

- 2026-29 Expanding participation in rigor, reproducibility, and transparency training to create sustainable cultural transformation. DHHS National Institute of Health. \$940K. (Nelson; I am key personnel on aim 1)
- 2024-26 From Acceptance to Usability: Development and Assessment of AI as an Extension Support Tool. USDA National Institute of Food and Agriculture Hatch Act. \$153K. (Shutske, Rickenbach, & Gorby; 10/2024-9/2026)

Completed

- 2018-20 Tree Risk Assessment of Chequamegon-Nicolet National Forest, Forest Lodge Property. USDA Forest Service. \$41,732. (Rickenbach & Allison)
- 2017-19 Minimizing the Impact of Invasive Plants in the Kickapoo Valley. Kickapoo Valley Reforestation Fund. ~\$48,000. (Renz, Rickenbach, West, & Warren)
- 2015-19 Applied research and network building to advance Silvopasture in Wisconsin. USDA National Institute of Food and Agriculture Hatch Act. \$127,168. (Rickenbach, Kruger, Schaefer, Gildersleeve, & Mayerfeld)

- 2014-19 Understanding opportunities and challenges associated with grazing public grasslands of Wisconsin. USDA National Institute of Food and Agriculture Hatch Act. \$315,364. (Jackson, Renz, Ribic, Rickenbach, & Turnquist)
- 2016-18 Wisconsin Logging Study of 2016 Production Year. Wisconsin Department of Natural Resources Division of Forestry. \$49,613. (Rickenbach, Johnston, Vokoun, Ballweg, & Knoot)
- 2015-17 Beef producer demand for grazing public land: Opportunities and constraints. USDA North Central Region Sustainable Agriculture Research and Education Graduate Student Grant Program. \$9,997. (Robinson & Rickenbach)
- 2013-15 Perennial Farmscapes: integrating trees and farmland in the Kickapoo Valley. Kickapoo Valley Reforestation Fund. \$45,917. (Mayerfeld, Rickenbach, & Kruger)
- 2013-15 Driftless Forest Network new directions: Applied research toward new outreach and greater engagement. Kickapoo Valley Reforestation Fund. \$47,923. (Rickenbach & Koshollek)
- 2013-15 Expanded Driftless Forest Network landowner outreach data evaluation and technology transfer for application. Wisconsin Department of Natural Resources. \$75,398. (Rickenbach & Knoot)
- 2012-15 Sustainable Energy: Gauging the Public and Engaging Key Actors. USDA National Institute of Food and Agriculture Hatch Act. \$132,305.
- 2012-14 Intergovernmental Personnel Assignment. USDA National Institute of Food and Agriculture, Institute of Bioenergy, Climate, and Environment. \$63,833.
- 2012-14 Engaging Farmers in Sustainable Forestry. Kickapoo Valley Reforestation Fund. \$47,903. (Keeley, Ventura, Rickenbach, Greenberg, Koshollek, & Penick)
- 2011-13 Identifying and engaging stakeholder networks toward sustainable multi-sourced biomass production. Wisconsin Institute for Sustainable Agriculture (USDA National Institute of Food and Agriculture Hatch Act). \$91,346. (Rickenbach, Jackson, & Williams)
- 2010-12 Forest Management and Outreach in the Kickapoo Valley: Instilling a Sustainable Approach to Land Management. Kickapoo Valley Reforestation Fund. \$30,000 (Bader, Marmel, Rickenbach & Walsh)
- 2009-12 Egos & Alters: A Network Perspective on Individual and Collective Landowner Decision-making. USDA National Institute of Food and Agriculture McIntire-Stennis Act. \$109,479.
- 2009-11 Carbon Sequestration on Private Forests: Understanding the Silent Majority. Wisconsin Focus on Energy. \$76,940. (Rickenbach, Hellman, & Nielsen)
- 2010-11 Loggers Revisited: Assessing Capacity in the Bioenergy Era. Wisconsin Bioenergy Initiative. \$51,000 (Rickenbach & Vokoun)
- 2008-11 Understanding Socio-Ecological Systems: Linking Social Networks, Land Management, and Water Quality. USDA National Institute of Food and Agriculture Interdisciplinary Hatch Act. \$92,515. (Rickenbach, Townsend, & Genskow)

- 2008-11 Private Forests: Continued Forest Management through Improved Business Relationships among Foresters, Loggers, and Landowners. Connor Center for Excellence at UW-Madison. \$75,000.
- 2006-11 Defining, Explaining, and Targeting Sustainable Forest Management on Small- and Medium- Scale Forest Ownerships. USDA National Institute of Food and Agriculture National Research Initiative Competitive Grant Program. \$151,000 (Rickenbach & Steele)
- 2008-10 Cooperative Forest Management in the Kickapoo Valley. Kickapoo Valley Reforestation Fund. \$37,400. (Kickapoo Woods Cooperative Board & Rickenbach)
- 2008-10 Landowner Decision-making and Information Sources: Connecting Social Networks and Ecological Context. NSF LTER Social Science Supplemental Request. \$40,000. (Kittredge & Rickenbach)
