Maine Learning Technology Initiative

Beliefs
We believe the best learning occurs…

- when **positive relationships** form the foundation for learning;
- when students engage in **high-level learning** and access **appropriate support**;
- when students have an **active role** in their learning and in the school community;
- in a culture of **collaboration**;
- when students and teachers **extend their learning** beyond the school;
- in an environment of **creativity and innovation**.

Classroom Examples

- Book Talks
    - Collecting Work
    - Grading the work
